Finance Director

MEMORANDUM

TO: Honorable Mayor and City Council

FROM: Heidi Voordeckers, Finance Director

DATE: October 4, 2022

SUBJECT: Monthly financial statement for the period ended August 31, 2022

BACKGROUND

Per the Uniform Fiscal Procedures Act for Cities, a monthly summary financial report, and a quarterly detailed financial report, shall be prepared and presented to the governing body of each City.

Attached to this memo, please find the "Revenue and Expense with Comparison to Budget" report for the period ended August 31, 2022. A two-page "Monthly Financial Summary" is also attached, providing a concise view of the City's financial activities.

SUMMARY

Activity for the first two months of the fiscal year is in-line with budget. General fund tax revenues for July and August have yet to be distributed by the State and County and will be recorded on the September and October financial statements. Other items of interest include:

- Year-to-date Interest revenues on the PTIF balance are up almost \$80k compared to last year ~ from \$14,431 to \$93,312 for the first two periods. This is largely due to the rise in federal interest rates, as well as an increase in balance of approximately \$3.5M.
- Year-over-year Utility revenues are up an average of 11.5% in water, garbage, and recycling as anticipated from the rate increase that took effect on June 1, 2022. Storm water revenues are up 17.74% (the increase from \$6 per ERU to \$7 per ERU is 16.67%), so these revenues are tracking as expected as well.
- Impact fee revenues are down almost 35% from prior year to date (\$234k in FY 2022 compared to \$153k in FY 2023). Staff will continue to monitor these revenues and may recommend budget adjustments further into the year.

- Not surprisingly, wages and benefits comprise the largest portion of the City-wide budget at \$11M/year. Year-to-date wages and benefits are ahead of prior year by 5% (\$1,811,177 compared to \$1,726,798). With 17% of FY 2023 elapsed, wages and benefits are 17% expended.

ACTION

There is no action required of the Council related to the presentation of this monthly financial report.

NOTES

- 1- Tax revenues appear low because July tax receipts are recorded in the prior fiscal year.
- 2- Intergovernmental revenue received in July is associated with the final distribution of ARPA funds.
- 3- Charges for services appear high compared to prior year due to a revenue reclassification in 2021.
- 4 Admin Dept. appears high compared to prior year due to timing of annual payment to ULGT.
- 5 Transfers Out appear high compared to prior year due to recording transfer activity monthly instead of quarterly.
- 6- YTD use of fund balance is high as we are awaiting receipts of tax revenues for the current period.

MEMORANDUM

TO: Honorable Mayor and City Council

FROM: Ken Leetham, City Manager

DATE: October 4, 2022

SUBJECT: Work Session Items

You will notice that we have two items in the work session. The first is the monthly financial report that we are required to present to the Council. The second item is a presentation by Jodi Adamson our Court Clerk. As a part of her presentation, we will also have a short tour of the Court facilities.

(801) 335-8719 Fax

MEMORANDUM

TO: Honorable Mayor and City Council
FROM: Sherrie Pace, Community Development Director
DATE: October 4, 2022
SUBJECT: Consideration of Resolution 2022-37R declaring the City Council intent to consider annexation of the Val Verda area (Annexation Area B)

RECOMMENDATION

City Staff recommends to the City Council approval of Resolution 2022-37R declaring the City Council intent to consider annexation of the Val Verda area (Annexation Area B), setting a public hearing date of November 15, 2022.

BACKGROUND

The proposed annexation of the unincorporated Davis County (Area B) will be processed utilizing State Code 10-2-418 Annexation of an island or peninsula without a petition. The statute allows for the City to annex specific areas without petition by the property owners. The area proposed is known as Area B in our Annexation Area Policy Plan and Expansion Area Map.

The area is known in the Davis County General Plan as the Val Verda Area and as Area B in the City's Annexation Policy Plan. Generally, the area is located south of 3450 South to approximately 4000 South and Highway 89 to Orchard Drive. The area is composed of approximately 105 acres with 358 dwellings and approximately 3.5 miles of street right of way.

The Davis County General Plan was adopted in 2006. The plan states that the main purpose of cities is to provide urban services and provide a public voice for citizens in local affairs. It further states that the role of county government is to coordinate and assist municipalities in addressing issues of regional significance. Davis County holds the position that development should occur within city boundaries. The subject area was developed in the 1950s and 60s outside of the boundaries of both North Salt Lake and Bountiful. The northern most portion of the area has been annexed into Bountiful and some of the southern portions annexed into North Salt Lake (Odell Lane). The County General Plan encourages the annexation of these areas into the adjacent cities.

The process to annex properties under 10-2-418(2)(b)(iv) without a petition from the property owners requires the following:

- the area to be annexed consists only of one or more unincorporated islands in a county of the second class; and
- the area to be annexed is located in the expansion area of a municipality; and

- the county legislative body provides notice to each property owner of a public hearing and makes a recommendation of annexation to the city.

After the County recommendation:

- City Council adopt a Resolution indicating the intent to annex the area and schedules a public hearing (no sooner than 30 days after adoption).
- Public Hearing mailed notice to the property owners and residences (within 14 days after resolution and a minimum of 21 days prior to the hearing).
- Property owner protest may be filed before or at the public hearing (signed by property owners covering more than 50% of total private land which has a land valuation greater than 50% of the assessed land value).
- After the City Council holds the public hearing, it may enact an ordinance annexing the area.
- NOTE: the Council may annex the area without considering a protest filed if the County makes these specific findings in their resolution:
 - The area can be more efficiently served by the City than the County;
 - The area is not likely to be naturally annexed by the City in the future as a result of urban development;
 - Annexation of the area is likely to facilitate the consolidation of overlapping function of local government; and
 - Annexation of the area is likely to result in the equitable distribution of community resources and obligations.

REVIEW

Over the past few years the City and County have had discussed the possibility of the City annexing the area. Earlier this year the County requested that the City consider annexing the area under the provisions provided in State Code outlined above. In August City and County staff were directed to evaluate the process and schedule consideration of the matter by the County Commission and City Council.

The Davis County Commission held a public hearing on September 27, 2022 and adopted Resolution 2022-570 formally recommending the annexation to the City of North Salt Lake with the following findings:

- the Val Verda Area can be more efficiently served by the City of North Salt Lake than by Davis County;
- the Val Verda Area is not likely to be naturally annexed by the City of North Salt Lake in the future as a result of urban development;
- annexation of the Val Verda Area is likely to facilitate the consolidation of overlapping functions of local government; and
- annexation of the Val Verda Area is likely to result in an equitable distribution of community resources and obligations

The proposed Resolution 2022-37R is the first step required to be taken by the City Council in order to consider the annexation. The resolution is not the decision as to whether the City will annex, but only starts the process of public notification and sets the date for the public hearing. The resolution effectively sets the deadline and begins the timeline for property owners to file a protest should they wish to do so. The proposed date for the public hearing is November 15, 2022 to allow the notices of the hearing to be mailed out in the next 14 days and give at minimum 21 days notice of the hearing to the property owners and residents.

As part of the process between the adoption of the resolution and public hearing City staff in anticipation of approval of the resolution have scheduled a public open house at Adelaide Elementary School on Wednesday, October 5, 2022 at 6:30 p.m. The purpose of the open house will be to introduce the property owners and residents to City staff and elected officials and provide an opportunity to have specific questions answered related to City services that will be provided to the area if the City approves the annexation. The meeting will also provide the opportunity for staff to receive input from the residents and owners and determine additional areas of concern that should be researched and provided to the City Council prior to the hearing. This meeting is not required by State code or City ordinance and it is the staff's hope that the meeting will be a positive and productive fact gathering event.

At the direction of the City Council, City staff will be evaluating the costs and benefits for the City related to the annexation proposal during the interim between adoption of the resolution and the public hearing. The draft resolution also directs the Planning Commission to review the area and make a recommendation to the City Council regarding zoning designation for the area, in the event the Council approves the annexation. Staff will work with the Planning Commission to analyze and compare the current County zoning with City zoning districts.

POSSIBLE MOTION

I move that the City Council approve Resolution 2022-37R declaring the City Council's intent to consider annexation of the Val Verda area (Annexation Area B) and directing staff to advertise a public hearing for November 15, 2022.

RESOLUTION NO. 2022-37R

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NORTH SALT LAKE DECLARING THE INTENT TO ANNEX AN UNINCORPORATED ISLAND LOCATED GENERALLY BETWEEN 3450 SOUTH TO 4100 SOUTH AND HIGHWAY 89 TO ORCHARD DRIVE, ALSO KNOWN AS AREA B ON THE CITY'S ANNEXATION POLICY PLAN EXPANSION AREA MAP; SETTING A PUBLIC HEARING ON THE PROPOSED ANNEXATION FOR NOVEMBER 15, 2022; AND PROVIDING FOR NOTICE OF THE ANNEXATION HEARING AS REQUIRED BY LAW.

WHEREAS, the City of North Salt Lake (hereinafter the "City") is a municipal corporation duly organized and existing under the laws of the State of Utah; and

WHEREAS, the City has identified certain areas in its annexation policy plan as being appropriate for inclusion within the boundaries of the City; and

WHEREAS, pursuant to section 10-2-418(2)(b)(iv), Utah Code Annotated, a municipality may annex an unincorporated area without an annexation petition if:

- (A) the area to be annexed consists only of one or more unincorporated islands in a county of the second class; and
- (B) the area to be annexed is located in the expansion area of a municipality; and
- (C) the county legislative body in which the municipality is located provides notice to each property owner within the area to be annexed that the county legislative body will hold a public hearing, no less than 15 days after the day on which the county legislative body provides the notice, and may make a recommendation of annexation to the municipality whose expansion area includes the area to be annexed after the public hearing.

WHEREAS, the Davis County Board of Commissioners, acting as the county legislative body, did provide notice as required by section 10-2-418(2)(b)(iv) and held a public hearing on September 27, 2022.

WHEREAS, pursuant to section 10-2-418(8)(c) and with consideration of the comments and testimony provided during the public hearing held on September 27, 2022, regarding the Val Verda Area, the General Plan, the existing development in and around the Val Verda Area, natural or other conditions that may limit the future development of the Val Verda Area, and other factors that the Davis County Legislative Body considers relevant, the Davis County Legislative Body adopted a resolution making the following formal findings:

- (A) The Val Verda Area can be more efficiently served by the City of North Salt Lake than by Davis County; and
- (B) The Val Verda Area is not likely to be naturally annexed by the City of North Salt Lake in the future as a result of urban development; and
- (C) Annexation of the Val Verda Area is likely to facilitate the consolidation of overlapping functions of local government; and
- (D) Annexation of the Val Verda Area is likely to result in an equitable distribution of community resources and obligations.

WHEREAS, pursuant to section 10-2-418(5), Utah Code Annotated, the legislative body of each municipality intending to annex an area under this section shall:

- (a) adopt a resolution indicating the municipal legislative body's intent to annex the area, describing the area proposed to be annexed; and
- (b) hold a public hearing on the proposed annexation no earlier than 30 days after the adoption of the resolution described in in Subsection (5)(a).

WHEREAS, the City Council finds that it is consistent with the City's General Plan and Annexation Policy Plan to pursue annexation of the area described herein and in accordance with the procedures set forth under State Law.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of North Salt Lake:

Section 1. The City Council hereby declares its intention to annex the area of unincorporated Davis County, known as the Val Verda area of the Davis County General Plan, also known as Annexation Area B on the North Salt Lake Annexation Policy Plan, as shown in Exhibit A, attached herein.

Section 2. Pursuant to such intent, the City Council hereby directs that a public hearing be set for Tuesday, November 15, 2022 at 7:00 p.m. in the Council Chambers of the North Salt Lake City Hall, 10 East Center Street, North Salt Lake, Utah to consider the proposed annexation, and that notice be provided as required by state law.

Section 3. The City Council directs the North Salt Lake Planning Commission to make a recommendation as to the proposed zoning classification of the Area.

Section 4. This Resolution shall take effect upon passage.

APPROVED AND ADOPTED by the City of North Salt Lake, Utah, on this 4th day of October, 2022.

MEMORANDUM

TO: Honorable Mayor and City Council
FROM: Sherrie Pace, Community Development Director
DATE: October 4, 2022
SUBJECT: Consideration of Plat Amendment to Lots 28B and 28C of the North Salt Lake Industrial Park Plat C Subdivision located at 450 and 470 West 100 North

RECOMMENDATION

The Planning Commission recommends to the City Council the approval of the plat amendment to subdivide Lots 28B and 28C of the North Salt Lake Industrial Park Plat C Subdivision located at 450 and 470 West 100 North with the following condition:

1. Correction of all engineering and planning redlines.

BACKGROUND

In 1978 the North Salt Lake Industrial Park Plat C was recorded with the County. It encompassed multiple lots including Lots 28B (450 West 100 North) and 28C (470 West 100 North), which were each 1.974 acres in size with 215 feet of frontage on 100 North. At some point, Lot 28C was illegally subdivided in half and incorporated into Lot 28B. Davis County records indicate that this change has been recognized since at least December of 1981. Presently, Lot 28B has a structure on it and the portion of 28C that was incorporated into it is vacant. The remaining portion of Lot 28C is built out. The applicant is the owner of Lot 28B and would like to sell the portion of 28C that was combined into their property. To sell that portion of the property separately, a plat amendment is necessary to reconfigure the lot lines and make those lots legal.

REVIEW

The proposed plat modifies Lot 28B and changes Lot 28C into two separate lots known as Lot 28E and 28F. Lot 28B will be 2.082 acres with 226.70 feet of frontage on 100 North. Lot 28E will be 1 acre with 100 feet of frontage. Lot 28F will be 0.949 acres with 103.30 feet of frontage. The subject lots are in the Manufacturing-Distribution (MD) zone. The MD zone requires that lots be a minimum of 2 acres in size unless modified by conditional use, with a frontage of 65 feet at the street right-of-way line and 100 feet at the building setback line.

The proposed lots are compliant with frontage requirements. As part of this plat amendment, the applicant is requesting that the Planning Commission grant a conditional use as allowed by city ordinance to reduce the required lot size from 2 acres to the proposed lot sizes. This request was driven by the existing conditions on each lot including buildings, drainage, and hardscape improvements. The DRC had no concern with the reduced acreage or the configuration of the proposed lots.

The Planning Commission reviewed the plat amendment on September 27, 2022 and made a favorable recommendation on approval with the conditional use approval of the minimum lot size reduction.

The only outstanding redline pertains to a correction to the title of the Subdivision related to the name to conform with a previous plat amendment.

POSSIBLE MOTION

I move that the City Council approve the plat amendment to subdivide Lots 28B and 28C of the North Salt Lake Industrial Park Plat C Subdivision located at 450 and 470 West 100 North with the following condition:

1. Correction of the remaining redline pertaining to the title of the plat.

MEMORANDUM

TO: Honorable Mayor and City Council
FROM: Sherrie Pace, Community Development Director
DATE: October 4, 2022
SUBJECT: Consideration of Final Plat-Eaglewood Cove P.U.D. Subdivision, phase 15 plat 1

RECOMMENDATION

The Planning Commission has reviewed the Final Plat and finds that it meets the minimum standards for Final Plat approval with the following conditions:

1. Any remaining engineering redline corrections be completed prior to recordation of final plat.

BACKGROUND

The previously approved concept plan for Eaglewood Cove Phases 13-15 consisted of 75 lots east of the existing phases of Eaglewood Cove development. The concept plan was approved by the City Council on July 19, 2016. Since that approval the developer has been conducting an extensive Geological Hazards Investigation of the property leading to numerous changes in layout design and a reduction from 75 lots to 72 lots. The proposed development is divided into three phases, 13, 14, and 15. Preliminary Plan approval was granted on November 10, 2020 with a condition that sidewalks be added to one side of each street. That correction has been made. The subdivision will also be a planned unit development (PUD) subdivision to provide for common ownership of the private street, the HOA maintained storm water detention facilities, and for architectural review prior to building permits.

There were 20 lots in the Preliminary Plan approval for Phase 15. The developer is requesting to divide Phase 15 into 2 separate plats, as 2 lots currently have frontage (corner) on Wood Oaks Loop being constructed for Phase 13. The developer proposes to install the other frontages for lots 1501 and 1520 with the construction of Phase 13 to facilitate the final plat approval for Phase 15, Plat 1 at this time.

REVIEW

Subdivisions under city code and state statute are administrative actions. State code and case law require that if the proposed subdivision meets the minimum standards required by code, the application must be approved. Subdivisions in general and PUD's more specifically are conditional uses in the city code. State code and case law state that conditional uses are permitted uses with conditions. Therefore if the development meets the minimum standards and reasonable conditions can be used to mitigate

impacts of the development on the community, it also must be approved. The steps for approving a PUD development are a recommendation to the City Council in 3 steps, Concept Plan, Preliminary Plan, and Final Plat.

Phase 15, plat 1 contains 1.6 acres and contains 2 lots with lot sizes, lot 1501 being 0.80 acres and lot 1520 contains 0.59 acres. The final plat have been reviewed by staff for final plat approval. There are some minor engineering redlines related to typos within the legal description that will need to be corrected prior to recordation, but at this time all redlines have been completed.

POSSIBLE MOTION(S)

I move that the City Council approve the final plat for Eaglewood Cove Subdivision, phase 15, Plat 1 located at approximately 616 South & 1380 East Wood Oaks Loop, subject to the following findings and conditions:

Findings:

1. The proposed final plat meets the minimum standards of the land use code for final plat approval;
2. The geotechnical report has been approved by the city consultant and the plat has been designed to meet the specific standards and recommendations contained therein;
3. The plat contains the appropriate notes regarding the individual lots and requirements of the geotechnical report.

Conditions:

1. Any remaining engineering redline corrections be completed prior to recordation of final plat.

EAGLEWOOD COVE SUBDIVISION PHASE 15, PLAT 1
 A PLANNED UNIT DEVELOPMENT LOCATED IN THE SOUTHEAST QUARTER
 OF SECTION 7, TOWNSHIP 1 NORTH, RANGE 1 EAST, SALT LAKE BASIN
 AND MERIDIAN, NORTH SALT LAKE CITY, DAVIS COUNTY, UTAH

NOTES

- All un-fenced property corners will be set with a 5/8" rebar and plastic cap stamped "Bingham Eng.", a flat or a curved "C" where the property corner is in a driveway or easement.
- Private roadway (AR) with right-of-way, setbacks one side only shall be covered by a blanket easement for private utilities. Said easement shall be created by the reference.
- Private roadways shall have an access easement across it to allow access to adjoining private parcels. Said easement shall be created by this reference.
- Private roadways shall be owned and maintained by the Eaglewood Cove Homeowners Association.
- All street and rear public utility easements shown herein are 10.00 feet wide unless otherwise noted. All site public utility easements are 7 feet unless otherwise noted.
- The plot coordinates shown herein are based on the datum of the Davis County Survey Record bearing, distance and coordinate values are stated in brackets []. All other dimensions and coordinate values are measured. Bearings and distances shown in () are easement dimensions. Bearings and distances shown in < > are building easement dimensions. Tolerance of bearings 00'00" to match the NAD83 Utah State Plane coordinate system, North Zone.
- Approval of this development plat by North Salt Lake City does not constitute any representation as to the adequacy of subsurface soil condition or the location or depth of groundwater table.
- Overhead lights on private streets within the PL15 shall be operated and maintained by the Eaglewood Cove Homeowners Association.
- Detention basins, along with storm drain manholes, float boxes, and storm drain manholes located within the private roadways and lots shall be owned and maintained by the Eaglewood Cove Homeowners Association.
- Development on corner lots within this plat shall conform to the City's adopted clear vision requirements found in Section 10-1-31, City Code.
- All site and easement restricted lots and governed according to North Salt Lake City Code, Title 10, Chapter 12, Sanitation Area District and Geologic Hazards, as amended.
- PERMITS/REQUIREMENTS:**
 - Due to the required fire flow capacity and the fixed culinary tank size for the development (320,000 gallons), structures greater than 10,000 sq. ft. shall be required to be fire sprinkled.
- BUILDING REQUIREMENTS:** All homes and structures shall be contained within the building envelopes as specified on the plat. Approval of necessary structures within the building envelope shall only be permitted on slopes less than 30% with the required setbacks for the lot. All specific setbacks of the designated building envelopes shall not be allowed to modify the natural grade for the purposes of meeting this requirement. Adjustments to the building envelope up to 10% may be approved by the Community Development Director with the advice of the City Engineer and a finding that required modification is warranted by environmental features, site conditions, location of existing improvements, architecture or sustainability considerations, or retention of native vegetation and slopes. For purposes of this restriction "necessary structure" shall not include mechanical equipment, cabinets or systems necessary for operation of permitted private recreational uses, such as all or section two rope motors and pulleys, which may be constructed on areas greater than 30% slope.
- CRITICAL SLOPE EASEMENTS:**
 - AREA OF APPLICATION:** The Critical Slope Easement restrictions set forth herein shall apply to all those portions of each lot that are situated outside of the building envelope of each lot and the slope of which is in excess of thirty percent (30%). Said portions of the lot that are situated outside of the building envelope of each lot and the slope of which is in excess of thirty percent (30%) shall be collectively referred to as the "Critical Slope Easement Area". The site plan shall contain existing grade and proposed final grading and shall clearly identify those areas of the respective lot that are situated outside of the building envelope that have slopes in excess of thirty percent (30%).
 - UTILITY EASEMENTS IN CRITICAL SLOPE EASEMENT AREAS:** There is reserved unto North Salt Lake City and any public utility company or private utility, easements within the Critical Slope Easement Areas for the installation, construction, maintenance, repair, and replacement of any utility services and utility lines which serve the Subdivision.
 - RESTRICTIONS ON USE OF CRITICAL SLOPE EASEMENT AREAS:** Except as set forth herein, the Critical Slope Easement Areas shall be used and occupied by the respective owners of the lots and their respective guests and invitees in accordance with the restrictions set forth hereinbelow:
 - Such use will be restricted to foot traffic only.
 - No sign, building, utility, or temporary building of any kind shall be erected, constructed, permitted or maintained on, under, or within the Critical Slope Easement Areas except as allowed below for recreational uses.
 - Except as provided herein, the lot upon which any of the Critical Slope Easement Areas are located shall not be excavated, graded, filled, altered, sown, sanded or vegetation disturbed (except as is reasonably necessary when planting additional plants, shrubs, or trees) nor be used to store materials upon, over, or across the Critical Slope Easement Areas.
 - Soils excavated as part of the construction of approved structures within the building envelope may be temporarily stored within the building envelope for the purposes of building the foundation and the remaining soil shall be removed from the site and shall not be deposited on the critical slope easements.
 - Additional plants, shrubs, and trees may be planted upon the Critical Slope Easement Areas including limited excavation and tilling that is reasonably necessary to plant any such plants, shrubs, and trees. Excavation and disturbance will be limited to hand digging and the use of a small trowel for tilling purposes.
 - PRIVATE RECREATIONAL USES:** The owners of the Lots may request a land use permit from the Community Development Department for construction of accessory structure or recreational land uses outside of the building envelope for the purposes of private recreational (non-commercial) use with the following restrictions:
 - Submit of a survey, prepared by a licensed surveyor, demonstrating the slope of the area where an accessory structure is to be placed has a slope less than 30%.
 - The property owner has demonstrated that the construction for the land use can be completed in a manner which protects and preserves the native vegetation or minimizes disturbing vegetation and an appropriate restriction level is submitted equal to the restricted restriction code. No cuts or fills shall be permitted to create construction paths, work staging area, nor access for any heavy equipment upon the critical slope area.
 - Construction of structures shall be limited to a maximum one structure, 200 sq. ft. or less, and a maximum height of 14' to the top of roof. Accessory dwelling units and garages shall not be permitted outside the building envelope.
 - Land use permits shall be accompanied by a letter from the HOA acknowledging their approval and conditions for the structure and land use requested.
 - Structures shall be designed and use similar materials to the main structure on the property or shall be designed to blend into the natural environment.
 - Examples of appropriate land uses outside the building envelope are: private recreational picnic area, small pavilion, gazebos, trails, gardens and garden sheds, sports courts (200 sq. ft. or less), etc. Land uses such as private all or section two rope motors which require the use of motorized law ropes, may only be permitted with mechanical systems that are contained entirely within an accessory structure or cabinet, and are constructed to reduce or dampen noise from the law motor. Operation of a law rope shall only be permitted during daytime hours. No lighting of the run is permitted.
 - DEVELOPER:** The foregoing notwithstanding, said restrictions upon excavation, grading, and filling shall not apply to grading and filling performed by the developer in accordance with an approved development grading plan.
 - MAINTENANCE:** The respective owners of the Lots upon which any portion of the Critical Slope Easement Areas may be located shall be responsible for maintaining that portion of the Critical Slope Easement Areas which is located on their respective lots.
 - EASEMENTS DEEMED CREATED:** Any and all conveyances of any lot shall be construed to grant and reserve such Critical Slope Easement Area as provided herein even though no specific reference to such easements appears in any such conveyance.
 - APPLICABILITY:** A SITE SLOPE GEOTECHNICAL REPORT IN ACCORDANCE WITH CHAPTER 18 OF THE INTERNATIONAL BUILDING CODE (IBC) and an engineered construction plan shall be required in conjunction with the recommendations made with the geotechnical report for site excavation, grading, slope stabilization, structure construction, and any other project hazard mitigation strategies.
- THE REPORT SHALL CERTIFY THAT THE DESIGN OF THE CONSTRUCTION HAS BEEN DONE IN ACCORD WITH THE RECOMMENDATIONS FOR THAT SPECIFIC LOT AS CONTAINED WITHIN THE "Geotechnical & Geologic Hazard Investigation Report: Eaglewood Cove Residential Development, Phases 13-15", prepared by International Geotechnical Services, Inc. (IGS) dated June 30, 2020 and updated March 31, 2021. The report must address Section 7.0 Geologic conclusions and recommendations, Section 8.0 Engineering conclusions and recommendations, and Table H specific recommendations by lot.**

OWNER'S DEDICATION AND CONSENT TO RECORD
 Know by all men by these presents, that the undersigned owner of the parcel of land shown on this plat, and described herein, now causes the parcel to be subdivided into the lots, public utility easements and private roadways as shown on this plat to be hereafter known as:

EAGLEWOOD COVE SUBDIVISION PHASE 15, PLAT 1

Wiford W. Cannon, Manager
 EWC 15 Development, LLC

ACKNOWLEDGMENT

On this _____ day of _____, 2022, personally appeared before me, Wiford W. Cannon, who being by me duly sworn, did say that he is the manager of EWC 15 Development, LLC, and that the foregoing instrument was signed on behalf of said EWC 15 Development, LLC, and said Wiford W. Cannon acknowledged to me that said EWC 15 Development, LLC executed the same.

BOUNDARY DESCRIPTION

A parcel of land located in the Southeast Quarter of Section 7, Township 1 North, Range 1 East, Salt Lake Basin and Meridian, North Salt Lake City, Davis County, Utah, more particularly described as follows:
 Beginning at a point on the boundary line of Eaglewood Cove Subdivision Phase 13 as recorded in the office of the Davis County Recorder as Entry No. _____, said point also being on the south right-of-way line of Wood Oaks Loop as dedicated in said Phase 13, said point is North 00°08'13" West along the Section Line 1,163.32 feet and West 1,256.49 feet from the Southeast Corner of Section 7, Township 1 North, Range 1 East, Salt Lake Basin and Meridian (points of bearing being North 00°08'13" West between the Southeast Corner and East Quarter Corner of Section 7, T1N, R1E, S8E8M), and running thence South 44°11'40" West 97.08 feet; thence South 79°06'42" West 192.24 feet; thence South 54°45'14" West 45.60 feet; thence South 69°33'14" West 72.83 feet to said boundary line of said Phase 13; thence along said boundary line the following: (1) south along the line of said Wood Oaks Loop, 4) northeasterly along the arc of a 124.00 foot radius non-tangent curve to the left, the center of which bears North 19°30'17" West, through a central angle of a distance of 58.19 feet (chord bearing N 57°03'08" E, chord length 57.45'); 5) northeasterly along the arc of a 296.00 foot radius reverse curve to the right, through a central angle of 43°14'01" a distance of 223.08 feet (chord bearing N 65°27'04" E, chord length 220.20'); 6) southeasterly along the arc of a 12.50 foot radius compound curve to the right, through a central angle of 109°46'14" a distance of 23.85 feet (chord bearing S 37°44'18" E, chord length 20.453'); 7) South 72°58'11" East 48.00 feet, 8) North 17°52'49" East 15.79 feet, 9) northeasterly along the arc of a 12.50 foot radius curve to the right, through a central angle of 80°22'04" a distance of 18.62 feet (chord bearing N 59°44'51" E, chord length 16.85); and 10) southeasterly along the arc of a 296.00 foot radius compound curve to the right, through a central angle of 31°45'47" a distance of 164.09 feet (chord bearing S 61°41'14" E, chord length 162.00') to the point of beginning.
 Containing 69,700 Square Feet or 1.600 Acres, 2 Lots, and 1 Private Street.

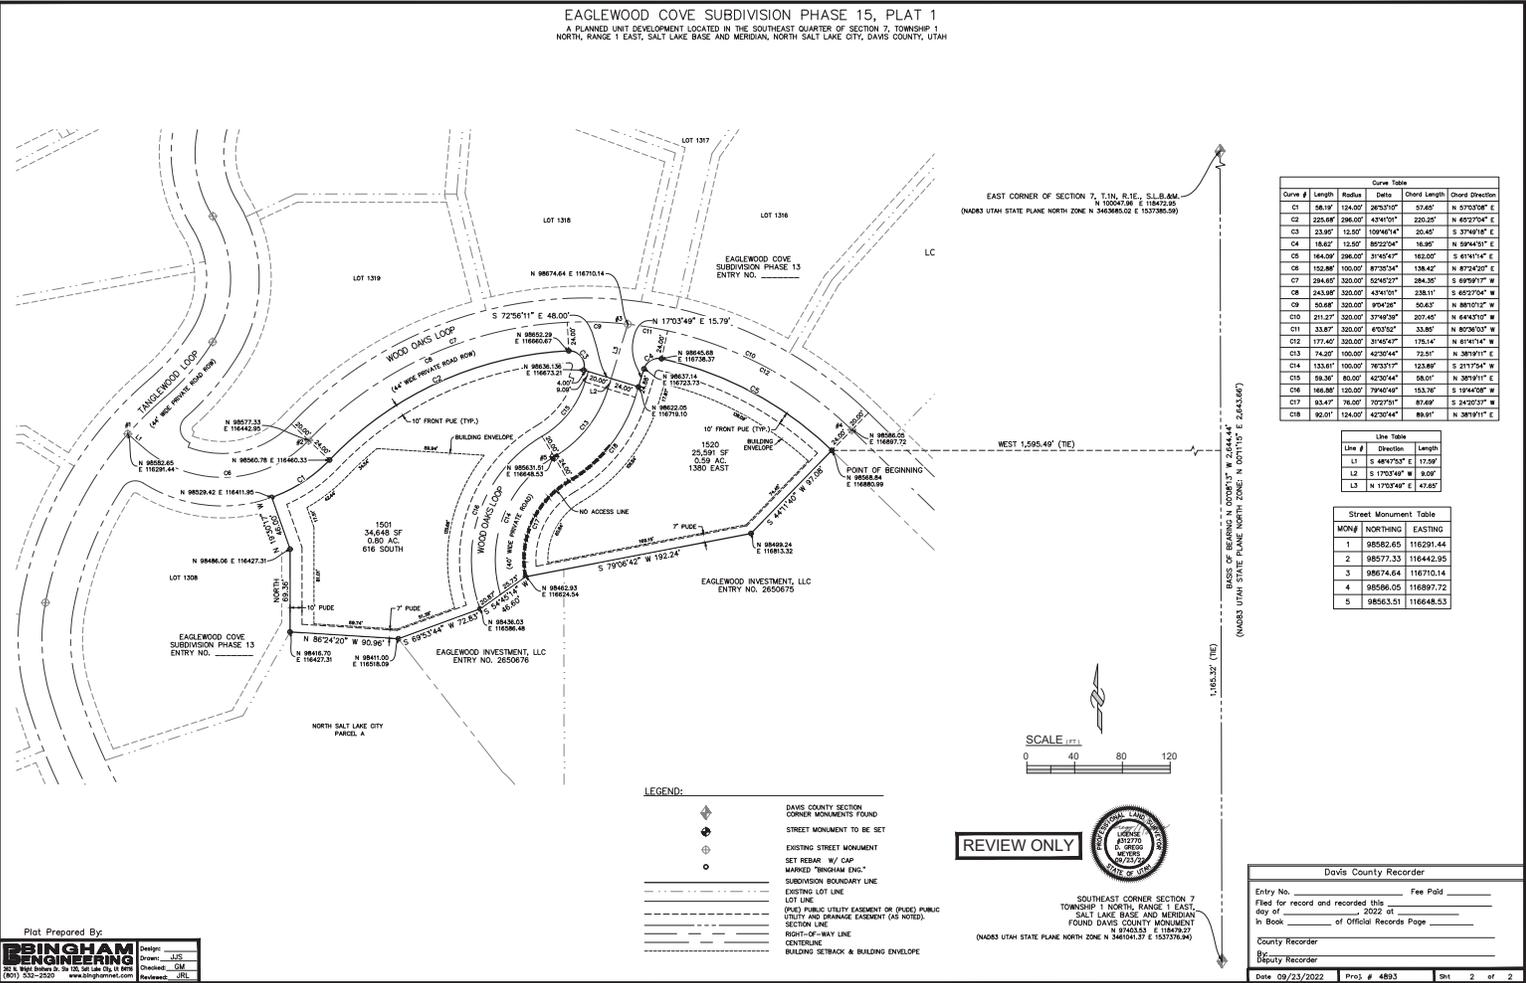

Note this description 0019'28" to match the NAD83 Utah State Plane coordinate system, North Zone. See Book of Deeds.

MEMORANDUM

TO: Honorable Mayor and City Council
FROM: Sherrie Pace, Community Development Director
DATE: October 4, 2022
SUBJECT: Consideration of **ORD 2022-07** rezoning to a P-District for Clifton Place and approving development agreement (**AGR 2022-25A**)

RECOMMENDATION

The Planning Commission recommends to the City Council the approval of the rezone request for property located at approximately 2596 South and 1095 North Redwood Road, from General Commercial (CG) to P-District and approving a development agreement for Clifton Place, with the following conditions:

1. Correction of planning and engineering redlines prior to final plat review; and
2. Finalization of the Development Agreement.

BACKGROUND

The purpose of this application is to facilitate the general development plan known as Clifton Place located at the western corners of the 1100 North and Redwood Road intersection. The property on the northwest corner of the intersection is currently addressed 2596 South Redwood Road and is approximately 6.12 acres. The property on the southwest corner of the intersection is addressed 1095 North Redwood Road and is approximately 7.185 acres. Both properties are currently zoned General Commercial (CG). The general development plan for Clifton Place was approved by the City Council on July 19, 2022. In conjunction with the P-District rezone request, the development agreement will include as an exhibit the preliminary plan approval for the project.

REVIEW

Clifton Place will consist of approximately 2.939 acres of commercial along Redwood Road and 185 townhome dwelling units. Of those units, 75 will be two bedroom and 110 will be three bedroom. The development has pedestrian access and connectivity with trails and sidewalks. Proposed amenities include a tot lot, pickleball courts, a swimming pool with bathrooms and changing rooms, and open recreation space with lawn/sod. Approximately 26% of the total development will be landscaped open space or recreational amenity and has been designed in compliance with the City's landscaping and water conservation ordinance.

Parking

At this time the developer has not identified specific commercial uses and therefore, those lots will be required to comply with the parking standards in city code 10-6, which will be reviewed at site plan approval. For the residential portion of the development, city code requires a minimum of 2.25 parking spaces per unit. This development is providing a ratio of 2.9 parking spaces per unit on the northern property and 2.5 parking spaces per unit on the southern property. Those ratios include counting only 1 space for tandem parking garages. This information is illustrated in the table below:

		Drive Spaces	Garage Spaces	Guest Spaces	Total	Tandem Garage
North Side - Units With Driveways						
2br	18	18	18		36	18
3br	24	48	48		96	
Units Without Driveways						
2br	12	0	12		12	12
3br	20	0	40		40	
Guest Spaces				34	34	
Total units:	74			Total Parking	218	248
		Parking Ratio:			2.9	3.3
South Side - Units With Driveways						
2br	16	16	16		32	16
3br	26	52	52		104	
Unites Without Driveways						
2br	29	0	29		29	29
3br	40	0	80		80	
Guest Spaces				30	30	
Total units:	111			Total Parking	275	320
		Parking Ratio:			2.5	2.9

Architectural Standards

The proposed architecture incorporates masonry brick, stucco, fiber cement board and metal accents. The commercial buildings will incorporate the same architectural style and color pallet. Due to commercial uses being unknown, the development agreement outlines specific architectural standards for commercial buildings without specific building elevations. The standards include architectural massing, materials and colors, grading, pedestrian access and orientation, etc.

Phasing

The project will be developed in phases with commercial development separately from residential. The residential development will occur in 4 phases. Phases 1 and 2 are on the northern property while 3

and 4 are on the southern. Phases 1B & 3B are the two commercial lots and will be platted with phases 1A & 3A respectively, with separate site plan approval for commercial development. The phases may not develop in numerical order due to purchase agreements and financing or market conditions.

Other

The City Planner and Engineer have minor redlines on the preliminary plan that are conditioned to be addressed prior to final plat approval. One of the changes involves relocating unit 18 on the northern property to the vacant area next to unit 54, also on the northern property. This change was requested by South Davis Metro Fire (SDMF) due to regular fire training and their desire to have additional buffer space between their property and the townhome. The proposed development complies with the goals of the City's General Plan.

Development Agreement

The development agreement has been drafted to implement the General Development Plan. The development agreement requires that the townhome units be sold for owner occupancy and that no more than 3 units may be owned by a single entity to prevent conversion of the project from owner occupancy to a rental occupancy. Individual owners will retain the property right to own and rent their units.

POSSIBLE MOTION

I move that the City Council approve ORD2022-07 rezoning property located at approximately 2596 South and 1095 North Redwood Road, from General Commercial (CG) to P-District and approving a development agreement (2022-26A) for Clifton Place with Brighton Homes Utah LLC with the following condition:

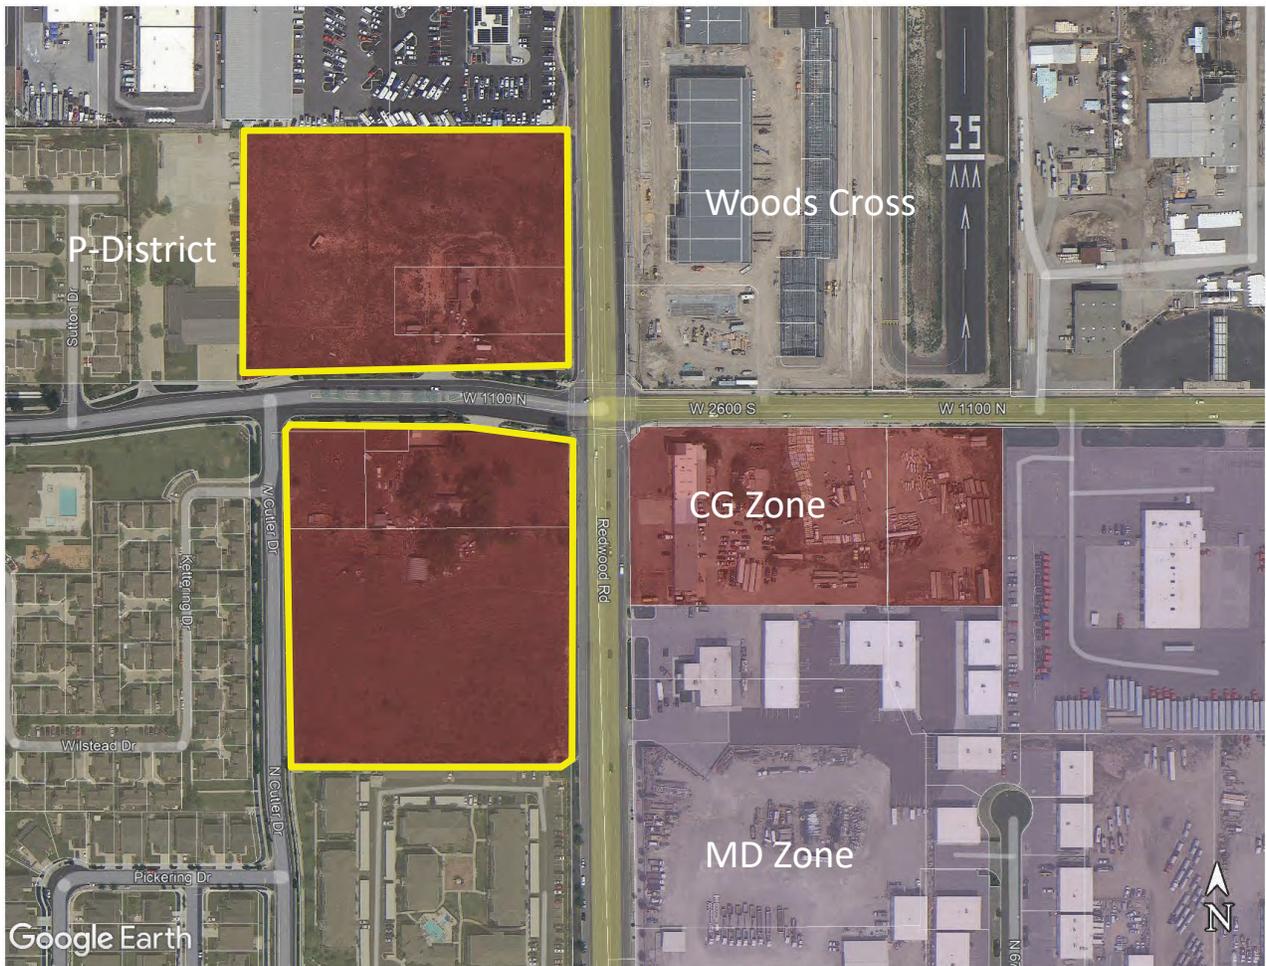

1. Correction of planning and engineering redlines prior to final plat review

PLANTING NOTES

- This planting plan is diagrammatic and plant locations are approximate.
- Field survey stakes, and along the layout and locations of site construction features for approval before actual construction. The layout shall conform to the exact location and grade of the proposed work to be done.
- Coordinate all aspects of the planting plans with the irrigation system and call the attention of the owners representative to any conflict in placement of plants in relation to irrigation heads, lines and valves at the time the landscape installation phase takes place.
- Finish grade of soil in lawn areas shall be 2" below posts, walkways, patios, and curbs to accommodate soil. Grades in areas where needed shall be 1" lower from adjacent edge.
- Native topsoil shall be stockpiled and stored on site whenever possible for use in landscape areas.
- All soil areas shall receive a minimum 4" depth of native topsoil and shrub beds shall receive a minimum of 8" of native topsoil.
- Modified topsoil, when required, shall come from a reputable source, have a loam consistency and be free of rocks and debris.
- Face each shrub to spin the most pleasing look as seen from a line perpendicular to the soil to walk/drive which it is viewed.
- Edging or curbing shall be installed as shown on the plan to separate grass from shrub beds.
- Shrub beds shall drain properly to prevent standing water from occurring. Call representative drawing planter or planting beds to the attention of the owners representative before planting. Provide positive drainage away from all structures and walls. Slope landscape areas 2% minimum.
- Place mulch in all shrub beds and perennial areas. See schedule for depth and type. Do not create soil small perennial plants with excessive mulch.
- Provide a 2" minimum diameter grade "tree ring" around trees that are placed within lawn areas. Place a 3" min. depth of mulch. Use shredded bark mulch or mulch which meets local code for trees.
- The contractor shall maintain all work until work is complete and accepted by the owner. The contractor shall maintain and guarantee all work for a period of THIRTY DAYS from the date of final acceptance by the Owner. Maintenance shall include mowing, weeding, fertilizing and irrigating.

THESE PLANS AND SPECIFICATIONS ARE THE PROPERTY OF REEVE & ASSOCIATES, INC. 5180 SOUTH 1300 WEST, RIVERDALE, UTAH 84405, AND SHALL NOT BE PHOTOCOPIED, RE-DRAWN, OR USED ON ANY PROJECT OTHER THAN THE PROJECT SPECIFICALLY DESIGNATED FOR, WITHOUT THEIR WRITTEN PERMISSION. THE OWNERS AND ENGINEERS OF REEVE & ASSOCIATES, INC. DISCLAIM ANY LIABILITY FOR ANY DAMAGES OR WORKING CONDITIONS MADE TO THESE PLANS OR THE DESIGN THEREON WITHOUT THEIR CONSENT.

ORDINANCE NO. 2022-07

AN ORDINANCE AMENDING THE CITY OF NORTH SALT LAKE ZONING MAP BY CHANGING THE ZONING OF PROPERTY LOCATED GENERALLY AT 2596 SOUTH & 1095 NORTH REDWOOD ROAD WITHIN THE CITY OF NORTH SALT LAKE, STATE OF UTAH, FROM CG, GENERAL COMMERCIAL TO P, PLANNED DISTRICT BY DEVELOPMENT AGREEMENT.

WHEREAS, the City of North Salt Lake has received an application from Brighton Homes Utah LLC. to amend the zoning for properties located generally at 2596 South Redwood Road and 1095 North Redwood Road from CG, General Commercial to P, Planned District; and

WHEREAS, the proposed zoning change set forth herein has been reviewed by the Planning Commission and the City Council, and all appropriate public hearings have been held in accordance with Utah law and the City of North Salt Lake's ordinances to obtain public input regarding the proposed revisions to the Zoning Map.

WHEREAS, the Planning Commission has made a recommendation to the City Council concerning the proposed zoning change as required by City Code and Utah Code; and

WHEREAS, the City Council has reviewed this application and finds that it is consistent with the comprehensive general plan, goals and policies of the City and that changed conditions make the proposed amendment reasonably necessary to carry out the purposes stated in Title 10, Land Use Ordinance; and

WHEREAS, the City Council has reviewed the Development Agreement for Clifton Place and finds that the standards and regulations provided therein are in accordance with City Code, Title 10, Land Use Ordinance required for a Planned District.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of North Salt Lake, Utah, as follows:

Section 1. Zoning Map Amendment. The City of North Salt Lake Zoning Map is hereby amended to change the zoning of approximately 13.336 acres of property located generally at 2596 South Redwood Road and 1095 North Redwood Road within the city limits of the City of North Salt Lake, and more particularly described as Davis County parcel numbers : 06-082-0120, 06-082-0059, 06-082-0154, 06-082-0155, 06-082-0162, 06-082-0236, 06-082-0116 from CG, General Commercial to P, Planned District.

Section 2. Development Agreement. The City of North Salt Lake hereby approves and authorizes the Mayor to enter into Agreement 2022-25A, a Development Agreement for Clifton Place pertaining to the development and regulations for said Clifton Place P District.

Section 3. Severability. If any section, part or provision of this Ordinance is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Ordinance, and all sections, parts and provisions of this Ordinance shall be severable.

Section 4. Effective Date. This Ordinance shall become effective upon publication or posting and execution of Agreement 2022-25A.

PASSED AND ADOPTED by the City Council of the City of North Salt Lake, Utah, this 4th day of October, 2022.

CITY OF NORTH SALT LAKE

AGR2022-25A
DEVELOPMENT AGREEMENT
CLIFTON PLACE

THIS DEVELOPMENT AGREEMENT (the “Agreement”) is made and entered into as of the _____ day of _____, 20____ (the “Effective Date”), by and between **THE CITY OF NORTH SALT LAKE**, a Utah municipal corporation (the “City”), and _____, a _____, (the “Developer”). The Developer and the City are sometimes collectively referred to herein as the “Parties” or singularly as a “Party.”

RECITALS

A. As of the Effective Date hereof, Developer is (or has a signed purchase contract with the owner), the owner of the property described on **Exhibit “A”** (the “Property”) hereto, located within the City of North Salt Lake, Davis County, Utah.

B. The development of the Property is governed by the City’s Title 10 Land Use and Subdivision Ordinances (the “Code”). All Section references contained herein shall refer to the Code.

C. Pursuant to section 10-13-3 of the Code, the Developer has filed an application for and received approval by the City for the following:

(1) a General Development Plan (the “General Development Plan”) for the Property(s) consisting of 13.336 acres fronting Redwood Road, Cutler Drive and 1100 North; and

(2) the re-zoning of the Property to the Planned P District, (the “P District Zoning”) subject to approval of an acceptable development agreement. This Agreement constitutes such acceptable development agreement.

D. The project to be developed upon the Property pursuant to the General Development Plan is known as Clifton Place and is generally located at the northwest and southwest corners of the Redwood Road and 1100 North intersection in the City of North Salt Lake (the “Project”).

E. Pursuant to the City’s approval of the General Development Plan on the 19th day of July, 2022, the Plan consists of a total of 185 residential units and two commercial lots. Of those totals, the northern property shall consist of 74 residential units and 1.87 acres of commercial and the southern property shall consist of 111 residential units and 1.14 acres of commercial. A copy of the approved General Development Plan is attached hereto as **Exhibit “B.”**

F. Pursuant to section 10-13-2-D, exceptions to or modification of the general standards for development within the residential and commercial zoning districts may be granted in the P District Zoning if the City determines that such exceptions are desirable and warranted. By this Agreement, the Parties desire to stipulate the required standards with respect to: land use; building size, layout, materials and architecture; landscaping; parking; signage size, placement, height, and design; lighting; fencing materials; and any other standards specified herein and included within the Project’s P District Zoning.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and Developer hereby agree as follows:

1. Incorporation of Recitals and Exhibits. The above Recitals and Exhibits attached and referenced herein are hereby incorporated into this Agreement.

2. General Development Plan Approval. To the fullest extent of its legal powers and authority and for the duration of the Term (as described below) of this Agreement, the City hereby approves the General Development Plan for the Project, including the density, use, configuration, and specification designations as described in the General Development Plan and as described elsewhere herein. Accordingly, to the maximum extent permitted under the laws of the State of Utah and the United States, the parties hereto intend that this Agreement grants to Developer the right to develop the Project, as outlined in this Agreement without modification or interference by the City, except as specifically set forth herein. The parties intend that the rights granted to Developer under this Agreement are contractual and also those rights that exist under statute, common law and at equity. The parties specifically intend that this Agreement grants to Developer “vested rights” as that term is construed in Utah’s common law and pursuant to Utah Code Ann., §10-9a-509. The Developer may not substantively deviate from the General Development Plan without prior approval by the City. Subject to the terms of this Agreement and subject to the Developer’s compliance with other provisions of the Code not specifically modified herein, the Developer shall have the right to have, Preliminary Design Plan, Site Plan, Final Plat, Construction Plans and Building Permits (as those terms are defined in section 10-3 of the Code) approved by the City and to develop the Project as proposed and approved. The Developer hereby agrees that the Project is subject to all City ordinances in effect as of the Effective Date, except as specifically modified herein by this Agreement. In the event of a conflict between the Code and this Agreement, this Agreement shall control.

Notwithstanding the foregoing, the Developer acknowledges that the City is restricted in its authority to limit its police power by contract and that the limitations, reservations and exceptions set forth herein are intended to reserve to the City all of its police power that cannot be so limited. Notwithstanding the retained power of the City to enact such legislation of the police powers, such legislation shall not modify the Developer’s vested right as set forth herein unless facts and circumstances are present which meet the exceptions to the vested rights doctrine as set forth in Section 10-9a-509 of the Municipal Land Use, Development, and Management Act, as adopted on the Effective Date, *Western Land Equities, Inc. v. City of Logan*, 617 P.2d 388 (Utah 1980), its progeny, or any other exception to the doctrine of vested rights recognized under state or federal law.

3. Term. The vested rights described in this Agreement shall be effective for a period of ten (10) years following the date on which this Agreement is adopted by the City Council of North Salt Lake and signed by the City’s Mayor (the “Term”).

4. Development of the Project. The Project shall be developed by Developer and/or Developer’s successors and assigns in accordance with all of the requirements contained herein.

a. Notwithstanding anything in the Code to the contrary, the general layout, parking, fencing, and landscaping of the project shall be substantially in the form of **Exhibit “C”** of this Agreement and are entitled Landscape and Site Plans.

b. Notwithstanding anything in the Code to the contrary, the land use standards, including but not limited to, setbacks, building heights, uses, etc., for all structures to be developed within the Project shall be as described in attached **Exhibit “D”** and are hereby approved by the City for use in the Project and are entitled P District Land Use Standards.

c. Developer and City hereby agree that architectural standards should be applied to the development of all lots within the Project. These specific rules and standards are shown in **Exhibit “E”** of this Agreement and are entitled, “Architectural Standards for Clifton Place”.

d. Developer and City hereby agree that signage and design standards should be applied to the development of all lots within the Project. These specific rules and standards are shown in **Exhibit “F”** of this Agreement and are entitled, “Signage Design & Standards for Clifton Place”.

e. Phasing Plan. The Developer intends to construct the project in multiple phases, as mutually agreed upon and attached hereto and incorporated herein as **Exhibit “G.”** The phases may be platted in any order, except that the Commercial Phases 1B and 3B will be platted at the same time or before Phases 1A & 3A, respectively. A separate site plan approval will be required for development on Phases 1B & 3B.

f. Required Public Improvements. City agrees to coordinate with Developer the placement of conduits, chases and other piping required for the development of the project. The Developer agrees to construct all required public improvements, at its expense.

5. Individual ownership. The developer shall record with the development restrictive covenants that preclude purchase of more than 3 residential units by any single entity or person.

- a. Exception: Given the current market conditions related to interest rates and inflation, the Developer may temporarily retain sole ownership and rent any number of units, until such time that market conditions improve and sales of said units is viable, but in no case shall such temporary ownership period exceed three years from the time of issuance of a certificate of occupancy. Said rental units may not be transferred in whole to any single entity, nor transferred to any successor of this agreement and must be sold individually as initially intended.

6. Disclosure Notification. The purchaser of each lot on the northern corner of the intersection of 1100 North and Redwood Road shall receive from the Developer, assignee, builder, or future owner, a “Seller Disclosure” notifying the purchaser that legal and continuing commercial and industrial land uses exist on adjacent properties located within Woods Cross that may have noise, light, dust, truck traffic, and other operational impacts.

7. Payment of Fees. Developer agrees to pay fees, except for any waivers, credits or other considerations noted in this agreement, as required by the City’s adopted fee schedule in effect as of the Effective Date of this Agreement. At the time of this agreement, the schedule for the payment of impact fees is as follows:

- a. Culinary Water: at building permit
- b. Secondary Water: at building permit
- c. Sewer: at building permit to South Davis Sewer District
- d. Storm Drain: at pre-construction meeting for development improvements
- e. Roadway: at building permit
- f. Parks: at building permit

8. Agreement to Run with the Land/Assignment. A memorandum of this Agreement shall be recorded by Developer against the Property in the form attached **Exhibit “H”**. The rights and obligations of Developer under this Agreement shall be those affecting the Property, and shall run with and be binding upon the Property and its successors and assigns, or any portion thereof. The terms of this Agreement shall be deemed to expire as to any portion of the Property upon the issuance of a certificate of occupancy for a structure on the subject portion of the Property. Neither Developer nor their successors and assigns shall have the right to assign this Agreement, in whole or in part, unless: (a) such assignee becomes the owner of fee simple title to that portion of the Property affected by the rights and obligations under this Agreement that are being assigned, and (b) the Developer delivers advance written notice to the City of the assignment.

9. Notices. Any notices, requests and demands required or desired to be given hereunder shall be in writing and shall be served personally upon the Party for whom intended, or if mailed, by certified mail, return receipt requested, postage prepaid, to such Party at its address shown below:

To Developer: Brighton Communities Utah LLC
Attn: Nathan W. Pugsley
45 East Center Street #103
North Salt Lake, Utah 84054

To the City: City of North Salt Lake
Attn: City Manager
10 East Center Street
North Salt Lake, Utah 84054

In the event that either of the Parties desires to change its address as shown above, such Party shall provide written notice to the other Party pursuant to the requirements of this Section 6.

10. Default. In the event either Party fails to perform its obligations hereunder or to comply with the terms thereof, within thirty (30) days after giving written notice of default and the failure of the defaulting Party to cure such default, or if the default is of a nature that it cannot be reasonably cured within 30 days, then to have diligently and in good faith commenced to cure such default, and the non-defaulting Party may, at its election, have the following remedies:

- a. All rights and remedies available in equity, including injunctive relief or specific performance, but shall have no claim for money damages.
- b. The right to withhold all further approvals, licenses, permits or other rights associated with the Project or any development described in this Agreement until such default has been cured.
- c. The right to draw upon any security posted or provided in connection with the Project and this Agreement.
- d. The right to terminate this Agreement.
- e. The rights and remedies set forth herein shall be cumulative.

11. Marketing and Sales. The Developer shall have the right to (a) place a sales trailer upon the Property and to operate its marketing and sales activities from such trailer, (b) use as a sales office the residential unit labeled in the General Development Plan as Unit 54, 53, 52, or 51 as shown on the site

plan, and (c) post customary marketing and advertising signage upon the Property relating to the Project. If Developer chooses to place a sales trailer upon the property, it shall seek site plan approval from the City's Community Development Department. Placement of sales trailer shall comply with city code related to setbacks, parking and landscaping. In addition to the signage regulations contained in Exhibit "F", the Developer hereby agrees that it will abide by the City's signage ordinance related to temporary signage including, but not limited to the placement of signs in public rights-of-way.

12. Maintenance of Public Improvements. All improvements dedicated to the City shall be maintained by the City at such time as City Code indicates to at least the same level of service provided by the City to other similar public improvements.

13. Entire Agreement. This Agreement, together with the Exhibits attached hereto, documents referenced herein, and all regularly approvals given by the City for the Property and/or the Project or any phase thereof containing the entire agreement of the Parties with respect to the subject matter hereof and supersede any prior promises, representations, warranties or understandings between the Parties which are not contained in this Agreement, regulatory approvals and related conditions.

14. Severability. The Parties hereto agree that the provisions hereto are severable. If any provision of this Agreement is held invalid, the remainder of this Agreement shall be effective and shall remain in full force and effect unless amended or modified by mutual consent of the Parties.

15. Binding Effect. This Agreement shall inure to the benefit of, and be binding upon, the Parties hereto and their respective heirs, representatives, officers, agents, employees, members, successors and assigns.

16. No Third-Party Rights. The obligations of Developer set forth herein shall not create any rights in and/or obligations to any person or Parties other than the City. The Parties hereto alone shall be entitled to enforce or waive any provisions of this Agreement.

[The remainder of this page is intentionally left blank.]

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement by and through their respective, duly authorized representatives as of the day and year first hereinabove written.

EXHIBIT “D”

BUILDING AND LAND USE STANDARDS FOR CLIFTON PLACE P DISTRICT

SECTION 1: BUILDING STANDARDS

A. Purpose. This Exhibit outlines the standards pursuant to which Clifton Place shall be developed within the P District. References herein to the term “Code” shall refer to Title 10 of the North Salt Lake City Code, Land Use and Subdivision Ordinances.

B. Building Standards.

1. Lot Area:
 - i. Commercial. The minimum lot size shall be 0.5 acres (21,780 square feet).
 - ii. Residential. Due to the nature of the development, there shall be no minimum lot area.
2. Lot Width and Depth:
 - i. Commercial. The minimum width of any lot at the building setback line shall be seventy feet (70’). Flag lots are strictly prohibited.
 - ii. Residential. The minimum lot width and depth shall be illustrated in Exhibit C, Site Plan.
3. Maximum Coverage Area:
 - i. Commercial. The maximum percentage of area covered by buildings shall be sixty-five percent (65%).
 - ii. Residential. The maximum coverage area shall be as illustrated in Exhibit “C”, Site Plan.
4. Maximum Height & Stories of Buildings:
 - i. Commercial & Residential. All structures adjacent to any public street shall have a base floor elevation of no less than six inches (6”) above the curb of the public street. Structures not adjacent to a public street shall follow natural grade with stepped foundations. No structure shall have a basement due to the high water table historically present in the area.
 - ii. Commercial. The maximum height for all commercial buildings shall be forty feet (40’) and no more than two (2) stories.
 - iii. Residential. The maximum height for all residential structures shall be forty feet (40’).
5. Front Yard Setbacks from Redwood Road property line:
 - i. Commercial. The minimum setback shall be twenty feet (20’) from the property line. The maximum setback shall be fifty-five feet (55’). Commercial buildings shall be oriented to the intersection corners and the street with direct pedestrian entrances and connections to the Redwood Road Trail or 1100 North sidewalk.
 - ii. Residential. The minimum setback shall be twenty-five feet (25’).
6. Front Yard Setbacks from 1100 North and Cutler Drive property line:
 - i. Commercial. The minimum setback shall be fifteen feet (15’). The maximum setback shall be fifty-five feet (55’).
 - ii. Residential. The minimum setback shall be fifteen feet (15’).
7. Other property line setbacks:
 - i. Commercial. The minimum setback shall be fifteen feet (15’).

- ii. Residential. Where adjacent to the City Boundary, the setback shall be thirty feet (30') per the Interlocal Cooperation Agreement with Woods Cross City dated February 7, 2006.
 - iii. Residential Adjacent to Commercial. The minimum setback shall be fifteen feet (15') from the dividing property line.
 - iv. Residential Perimeter. All residential units shall be setback from the perimeter boundary of the development a minimum of fifteen feet (15').
8. Building Separation
- i. Commercial. There shall be a minimum of twenty feet (20') between commercial buildings on the same lot.
 - ii. Residential (Front Facades). Structures that front a courtyard or other shared common open space must have a minimum building separation of twenty-five feet (25'). Front porches, patios, awnings, or above-ground decks may extend into the separation distance of up to five feet (5').
 - iii. Residential (Rear Facades - Alley Loaded). Structures with alley loaded garages shall be set back from the private street right of way a minimum of five feet (5').
 - iv. Residential (Side Facades). Adjacent side building facades shall have a minimum separation distance of twenty feet (20'). Adjacent side yards may be used for common open space, pedestrian circulation, or landscaping.
9. Development along Redwood Road:
- i. The area behind the curb and gutter of Redwood Road shall include an area not less than twenty-four feet (24') wide containing improved and irrigated landscaping and an eight-foot (8') wide meandering asphalt multiuse trail. Within the twenty-four foot (24') area, street trees shall be planted in accordance with the requirements of the Community Forestry Code.
10. Fencing:
- i. City Boundary on Northern Property. A ten foot (10') solid decorative wall shall be installed along the entire length of the City boundary with Woods Cross per the Interlocal Cooperation Agreement with Woods Cross City dated February 7, 2006. The fence should step down from ten feet (10') at the highest point to a maximum of three feet (3') tall within twenty feet (20') of a public street right of way.
 - ii. Commercial & Residential. A six-foot (6') solid or opaque composite fence shall be installed along the lot lines separating commercial and residential uses. The fence shall be stepped down to a maximum of three feet (3') tall within twenty feet (20') of a public or private street right of way. The fence shall be a color that compliments the residential development.
 - iii. Commercial. No fence over four feet (4') tall shall be erected along Redwood Road or Cutler Drive. Such a fence shall be at least seventy-five percent (75%) or more open and constructed of a material that compliments the entire development such as composite, decorative metal with masonry piers, or a 2 rail split fence.
 - iv. Residential – Redwood Road. A six foot (6') decorative metal fence shall be constructed where residential uses are adjacent to Redwood Road.
 - v. Residential – 1100 North and Cutler Drive. No fence over four feet (4') tall shall be erected along Redwood Road or Cutler Drive. Such a fence shall be at least seventy-five percent (75%) or more open and constructed of a material that compliments the entire development such as composite, decorative metal with masonry piers, or a 2 rail split fence.
 - vi. Residential – Internal. Fences attached to or adjacent to structures that front a courtyard or other shared common open space are prohibited.

vii. Pool and sports courts. The pool fencing shall be constructed of decorative metal with a maximum height of eight feet (8'). The sports courts shall be enclosed with black vinyl wrapped chain link with a maximum height of ten feet (10').

11. Commercial parking shall comply with the applicable city code based upon use at the time of construction or future change of occupancy. See Exhibit E, Architectural Standards, for parking layout and location.

12. Residential parking shall be provided in accordance with the following standards:

	Drive Spaces	Garage Spaces	Guest Spaces	Total
North Side - Units With Driveways				
2br	18	18		36
3br	24	48		96
Units Without Driveways				
2br	12	0		12
3br	20	0		40
Guest Spaces			30	30
Total units:	74			
			Total Parking	214
			Parking Ratio:	2.9

	Drive Spaces	Garage Spaces	Guest Spaces	Total
South Side - Units With Driveways				
2br	16	16		32
3br	26	52		104
Unites Without Driveways				
2br	29	0		29
3br	40	0		80
Guest Spaces			30	30
Total units:	111			
			Total Parking	275
			Parking Ratio:	2.5

13. Dumpster and Refuse Containers:

- i. Commercial. Any dumpster or refuse container on a commercial lot shall be screened from any public right of way and located a minimum of thirty feet (30') from any residential lot line. More information is in Exhibit E, Architectural Standards.
- ii. Residential. Individual unit refuse containers shall be provided and storage of said containers defined in adopted development covenants.

SECTION 2: LAND USE

A. Permitted Residential Uses.

1. Multi-family residential dwellings:
 - i. Home occupations as regulated by applicable City Code.
 - ii. Residential accessory structures (recreational facilities and appurtenant structures, mail kiosks, facility maintenance storage).

2. Residential Amenities.
 - i. Residential and community amenities shall be provided as generally depicted in the General Development Plan which includes, but is not limited to, a tot lot, a swimming pool with associated bathrooms/changing rooms, pickleball/sports courts, and outdoor gathering space with pavilions, gazebos, or pergolas.

B. Commercial Uses.

The following uses shall be classified as permitted, conditionally permitted, or prohibited upon the subject lots. Additional uses not hereby listed may be considered upon request to modify this agreement and as mutually agreed upon by the Parties.

GENERAL CATEGORIES OF PERMITTED USES – CLIFTON PLACE (List is not intended to be all inclusive of possible uses)
Car Wash
Daycares
Entertainment or Recreation
Financial Services (bank or credit union)
Gas Stations/Convenience Stores (limited to service for passenger vehicles only)
General Office
General Retail
Hardware Stores
Medical Offices
Micromobility (scooters/electric bikes)
Neighborhood Retail
Personal and Professional Services
Restaurants (see standards for drive thru)
Seasonal Temporary Uses as an Accessory Use (fireworks, mobile food & beverage, Christmas trees, etc.)
GENERAL CATEGORIES OF CONDITIONAL USES
Special Events as an Accessory Use (Carnival, Craft Fair, Farmer’s Market, Festival, Fundraisers, Mobile Food Truck Fair, etc.)
GENERAL CATEGORIES OF PROHIBITED USES
Automobile (sales, service, rentals, parts, oil & lube changes, body, repair, or tire shops)
Manufacturing
Nonstore Retailers
Outdoor Storage
Pawnshops, title loan, quick loan, or other payday loan or check cashing services.
Recreational Vehicle (sales, service, rentals, rv parks and campgrounds)

Self-Storage Rentals
Sexually Oriented Businesses
Support Activities for Transportation
Tobacco Specialty Stores
Warehousing and Storage Facilities
Wholesale Trade

C. Supplemental Design Standards:

1. Car washes. Car washes are subject to the submission of a site plan conforming to the following design standards and a statement agreeing to the performance of those standards.
 - a. Building and vacuum areas shall be setback a minimum of fifty feet (50') from any lot line adjacent to residential use. Vacuum areas shall not be placed on the street side of the lot, but shall be shielded by a car wash building or other acceptable screen as determined by the Planning Commission during a site plan review process.
 - b. An eight-foot (8') decorative wall and a fifteen-foot (15') wide planting strip shall be installed and maintained along the property line adjacent to residential use.
 - c. Vacuum areas shall be provided with carports covering designed of high quality materials and of similar architectural style to the primary structure.

2. Gas Stations
 - a. Canopy must not exceed a height of twenty feet (20') and must be subordinate to the primary building in height, mass, and scale.
 - b. A safe pedestrian route between the fueling area and the primary building must be provided and adequately marked with signage and painting.
 - c. The canopy support structures shall match the principal building, in architectural elements and materials including decorative cladding.
 - d. Canopies may not exceed a maximum length or width of fifty feet (50') without a change in roof height or variation of a minimum of two feet (2').
 - e. Signage shall be limited to fifteen percent (15%) of the available wall area of the canopy.
 - f. The sides (fascia) of the canopy should extend below the lens of lighting fixtures twelve inches (12") to block the direct view of the light sources and lenses from property line.
 - g. Lights shall not be mounted on the top or sides (fascia) of the canopy, and the sides (fascia) should not be illuminated other than backlit signage that is architecturally integrated into the canopy.

3. Drive through
 - a. Canopies shall be attached to or integrated with the primary structure adjacent to all service windows.
 - b. Canopies or awnings shall be provided and incorporated into the design for those areas where vehicles are standing for the purpose of placing orders at menu boards.
 - c. Stacking
 - i. A minimum of one hundred sixty feet (160') for a single stacking lane or eighty feet (80') per lane when there is more than one stacking lane, is required for all other drive-through facilities. A stacking lane is measured back to the point of service or final service window. Stacking lanes do not have to be linear.
 - ii. Stacking lanes must be designed so that they do not interfere with parking and vehicle circulation; and
 - iii. All stacking lanes must be clearly identified, using means such as striping, landscaping, and signs.

- iv. Circulation. Internal traffic circulation patterns on the lot shall be adequate to keep traffic from backing into a street or blocking access to any required parking spaces located on the lot; and
 - v. A traffic study addressing both on site and off site traffic and circulation impacts may be required as part of a permit application for a drive-through facility.
- d. Screening
- i. Drive-through windows must be located behind and screened by the principal building, unless the Planning Commission determines that suitable landscape or other visual screening has been provided to screen from Redwood Road or 1100 North.
 - ii. Menu boards shall not be visible from a public right of way and shall be located at the rear or side of the building and not adjacent to Redwood Road or 1100 North frontage.

EXHIBIT “E”

ARCHITECTURAL STANDARDS FOR CLIFTON PLACE P DISTRICT

The Architectural Rules and Design Standards and Construction Guidelines, as contained herein, are to be used as guidelines for the owner and builder in preparing plans and specifications for any proposed construction or improvement in the Clifton Place development and for maintaining an orderly construction environment. These guidelines will be used by the Declarant in conjunction with the Declaration of Covenants, Conditions, Restrictions, and Easements (Declaration), and any undefined terms shall have the same meaning as contained therein.

SECTION 1: Residential Design Standards:

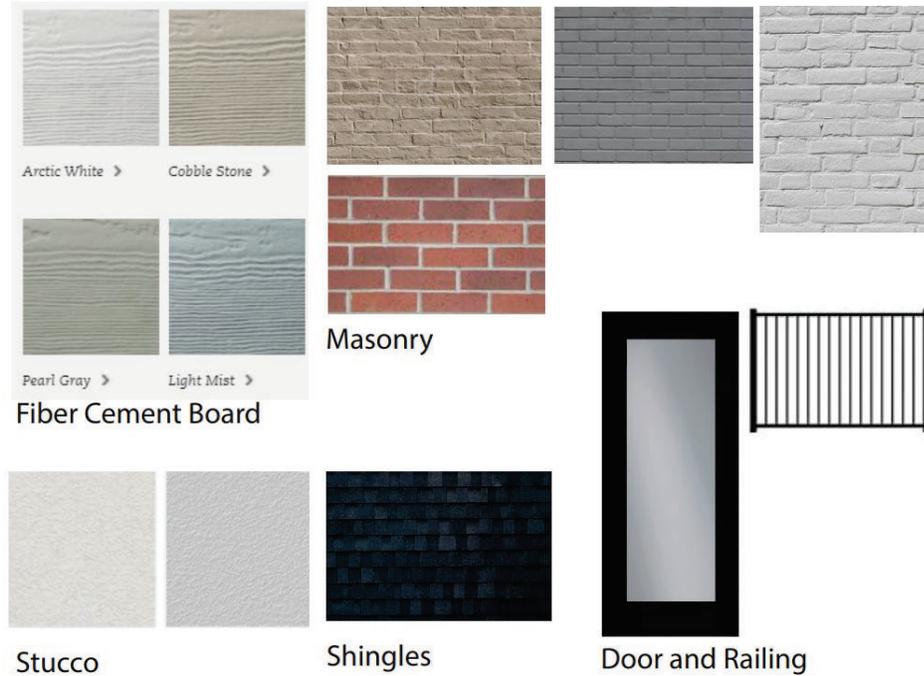

A. Exterior Elevations.

1. All exterior residential elevations shall be consistent with the general scheme and design as depicted below and as approved in the General Development Plan for Clifton Place. In order to create a cohesive architectural theme the following designs, shall be utilized:

B. Exterior Finishes and Colors.

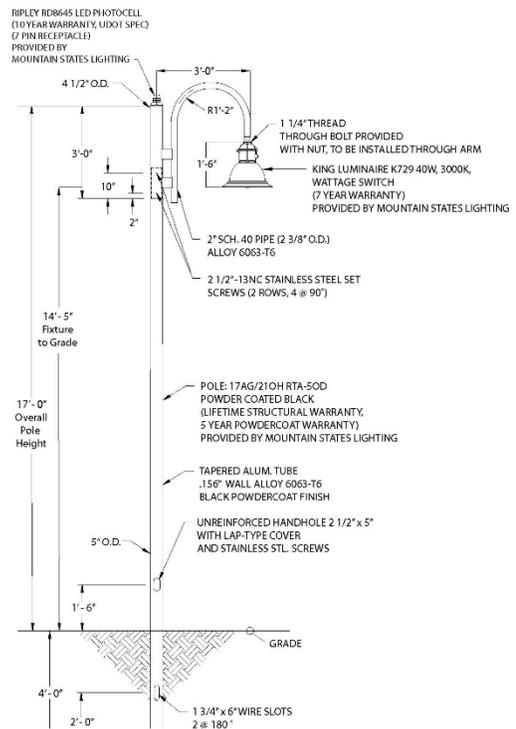

1. Materials and Colors. Exterior materials shall consist of brick, stucco, and fiber cement board with decorative metal accents. The colors and materials to be used in the construction of all townhomes and commercial buildings shall follow the same color pallet that is depicted above. Minor variations in color/tones may be approved by the Community Development Director in accordance with this general color pallet.

C. Lamp Posts, Building Lighting.

1. Exterior Lighting. All exterior lighting is to match what is existing or be compliant with the City Engineering Standards.
2. Interior Lighting. All interior and building lighting shall be of similar quality and design to the residential city's 'Residential Standard' (Figure E-C1).
3. Developer will submit a lighting plan detailing the location of the proposed lamp posts. Street light locations are depicted on the Utility Plan Sheet of the approved Civil Construction Drawings.
4. All site/building lighting shall be shielded and directed downward so light spill does not adversely affect adjacent properties or streets.

Figure E-C1

D. Mailboxes

1. Mailbox clusters, with mailboxes and newspaper receptacles will be provided by the Developer based on the requirements and approval of the U.S. Postal Service. Replacement necessitated by damage from whatever source shall be at the expense of the builder or owner.

SECTION 2: Commercial Design Standards:

A. Exterior Elevations

1. All exterior commercial elevations shall be consistent with the general scheme and design as depicted in the residential elevations and as approved in the General Development Plan for Clifton Place.
2. Architecture should complement the pedestrian environment to create an aesthetically pleasing image and should be of human scale.
3. All building components such as windows, doors, eaves, soffits, and parapets shall have good proportions that relate to the facade of the building and shall relate well with one another.
4. All sides of a building shall receive equal architectural design consideration (i.e. windows, doors, architectural treatments, etc.). No building shall have blank, flat walls.
5. Buildings should have visually interesting architectural horizontal and vertical features and patterns that are designed to articulate mass and scale relative to their surroundings.
6. Entrances must be well defined from access drives, parking areas and Redwood Road trail and 1100 North sidewalk.
7. Long and monotonous wall shall be avoided. Large uninterrupted expanses of a single material are prohibited. Each facade greater than fifty feet (50') in length, measured horizontally, shall incorporate architectural features such as wall plane projections, recesses, or other building material treatments, colors and textures that visually interrupt the wall plane. No uninterrupted length of a facade may exceed fifty horizontal feet (50').
8. Each façade shall have a change in cladding material or surface plane or other building material treatments, colors and textures that visually interrupt the vertical wall plane.
9. Long and monotonous roof planes shall be avoided. All facades shall include a parapet or other roof variation such as clerestories, dormers, gables, cupolas, or other architectural roof projections that vary in height by at least two feet (2') for each fifty linear feet (50') of facade length.

B. Building Materials/Colors

1. Primary building materials shall be limited to no more than four types of materials per building. The use of stucco (EIFS) shall be limited to vertically sloped architectural accent elements only and shall be limited to no more than 20% of each exterior building elevation.
2. Color of exterior building materials (excluding accent colors) shall be limited to no more than four major colors per development and shall be composed predominately of earth tones to encourage buildings to blend into the environment. Color tones may vary if found to be compatible with surrounding developments.
3. The use of exposed concrete, metal, or plastics for storefront facades is not permitted (architectural concrete and metals excepted).
4. The use of metal siding exclusively on any building (including accessory) is prohibited. Metal siding used for accents on any development shall be of the decorative, architectural metal type. The use of corrugated metal siding is prohibited unless used as a decorative element to accent a particular architectural style.
5. Avoid materials with high maintenance such as stained wood, clapboard, or shingles.

6. “Full veneer” brick or other similar high quality masonry materials such as quarried stone (i.e. granite, etc.), shall comprise one of the four required basic materials.
7. The percentage of high quality materials to be used on a building’s exterior walls (i.e. brick veneer, quarried stone [i.e. granite, etc.], glass and pre cast concrete) shall be at least 80%.
8. Preferred building materials shall include but are not necessarily limited to the following materials.
 - a. Quarried stone (i.e. granite, etc.),
 - b. Cultured Stone,
 - c. Full veneer brick,
 - d. Composite lap siding (i.e. HardiPlank),
 - e. Architectural concrete (with recessed panels and reveal lines),
 - f. Colored CMU block and architectural CMU block (i.e. split face, fluted, scored, honed, etc),
 - g. Architectural metals & standing seam metal roofing,
 - h. Metal walls (insulated architectural metal panels) (i.e. aluco bond),
9. Preferred Accent Materials
 - a. Precast concrete accents,
 - b. Stucco (EIFS) as an accent material (not a major building component). Limited amounts of stucco may be considered for vertical surfaces only, if the quality of the design merits such consideration.
 - c. Glass accents
10. Prohibited Materials
 - a. Plain, grey, flat faced CMU block (allowed as an accent only, not as a total wall treatment),
 - b. Brick tiles,
 - c. Metal walls (unless it is an insulated architectural metal panel such as aluco bond),
 - d. Stucco (EIFS), wood or glass, as more than an accent.
11. Other Materials: If any other materials are proposed to be used, these materials will require further review, justification and approval by the Planning Commission.

C. Grading

1. Buildings shall be designed creating easy pedestrian access from sidewalks, parking areas, etc.
2. Buildings shall be designed to relate to existing grade conditions with a minimum of grading and exposed foundation walls.
3. An inviting and stable appearance for walking shall be provided.
4. Modification to the existing topography will be permitted where and to the extent that it contributes to good design.

D. Landscape and Streetscape

1. If disturbed for driveway access, the existing landscaping along 1100 North shall be replaced to the same or better quality as existing. The Developer or their successor shall be responsible to maintain and preserve the quality of said landscaping.

2. Landscaping and irrigation shall be planned for and installed in compliance with the adopted landscaping code and standards at the time of installation.
3. A unity of the design of an overall development plan shall be achieved by the repetition of certain plant varieties, colors, and materials to tie the overall development together.
4. All development landscape plans shall include a combination of evergreen trees in addition to deciduous trees to achieve a good look to landscaping during winter months when there are no leaves on the trees.
5. All landscaping shall preserve and generally enhance desirable natural features, (i.e. topography, waterways, vegetation, etc.), enhance architectural features of the building, strengthen vistas, and provide shade for the project as well as its customers and employees.
6. Landscaping around the base of the building is recommended to soften the edge between the parking lot and building and also to discourage graffiti.
7. Changes in building elevation or berming at the edge of the building in conjunction with landscaping shall be used to reduce structure mass and height along street facades.
8. Concrete mow strips or metal edging are recommended between turf and shrub or ground cover areas.

E. Site Layout, Setbacks, Proportion and Placement

1. The main entrance shall face the primary street with secondary entrances to the side or rear to allow access to available parking.
2. Entrances shall be designed with one or more of the following:
 - a. Canopy, overhang, or arch above the entrance (columns & pillars),
 - b. Recesses or projections in the building facade surrounding the entrance,
 - c. Peaked roof or raised parapet structures over the door,
 - d. Display windows surrounding the entrance.

F. Awnings & Canopies

1. Awnings or canopies must function as true awnings or canopies by being placed over a doorway or window and may be allowed over a walkway or outdoor seating area. All awnings or canopies must be attached to a vertical wall. Canopies must lead to a bona fide business entrance.
2. Awnings or canopies shall project at least four feet (4') from the building when located over a pedestrian traffic area and no less than two feet (2') otherwise.
3. Awnings or canopies shall maintain a minimum clearance above sidewalk grade of eight feet (8') to the bottom of the framework when located over a pedestrian traffic area. The bottom of the framework shall not be more than eight feet (8') above covered grade or the maximum height of the protected window, door, or recessed building entry otherwise.
4. The top of the framework may not extend above a vertical wall terminus nor cover any architectural elements. Such shall be designed to fit within the architecture of the buildings to which they are attached and serve to enhance the exterior of the building as an articulation and aesthetic element, not as an advertising medium.

5. All awnings that do not contain sign copy shall be made of woven cloth or architectural metal materials. Backlighting of awnings is not permitted. Design, color, and materials shall be compatible with the building to which it is attached.

G. Parking Areas

1. Parking areas should be looked at as three dimensional outdoor spaces with horizontal and vertical elements and not as a flat sheet of asphalt or concrete. Such elements may include:
 - a. Parking lot planters and tree wells to provide horizontal and vertical relief
 - b. Landscaped walkways
 - c. Lighting structures
2. On-site parking shall be located primarily to the sides or rear of the building. Variations must be approved by the Planning Commission.
3. The location of parking shall be determined not only from its visual relationship to the building and site, but also as it relates to safe and convenient pedestrian and vehicular circulation patterns.
4. Landscaping shall be required within the parking lots in accordance with City Code.
5. Planters within parking areas shall be landscaped with trees, upright shrubs, ground covers and bark mulch. Grass is not an acceptable landscape material in parking lot planters.
6. The use of shared parking with adjacent sites is encouraged.

H. Trash Area Screening

1. All trash dumpsters shall be provided with solid enclosures.
2. Enclosure material for the above uses shall be composed of six foot (6') high solid masonry or decorative precast concrete walls with opaque gates and self latching mechanisms, to keep gates closed when not in use. Bollards are required at the front of the masonry walls to protect the enclosure from trash collection vehicles. Gates shall be made of opaque metal for durability. Chain link gates with opaque slats are not acceptable.

I. Utility Boxes and Pedestals

1. Appropriate vegetative buffers shall be placed to screen and buffer all utility boxes and pedestals.
2. Utility box and pedestals (including but not limited to transformers, switch gear, phone and cable tv pedestals) shall be placed such that they do not block required visibility triangles at street intersections and driveways. Care shall be taken to ensure that utility boxes are not located in planned locations for sidewalks, trails or other pedestrian ways.
3. All utility boxes and pedestals shall also be screened from view by means of vegetation and/or enclosures that blend with the associated development. These standards shall be applied to all public rights-of-way and pedestrian areas that are adjacent to the development.
4. The developer is responsible to work with the utility companies to coordinate locations of utility boxes and pedestals according to the provisions listed above.

J. Site/Building Lighting

1. All site/building lighting shall be shielded and directed downward so light spill does not adversely affect adjacent properties or streets.
2. Exterior lighting shall be limited to those areas needed for safety & security purposes only.
3. The use of color corrected high pressure sodium (white light) as the primary light source on site is highly encouraged.

K. National Tenant/National Franchise Architecture

1. Franchise architecture (building designs that are prototypical or identifiable with a particular chain or corporation) shall be revised if the proposed building design does not conform with these Design Standards. Building architecture that does not comply will not be approved.
2. The developer shall provide color pictures of other national tenant buildings (non prototype examples) that have been built in other cities and states, where available.

L. Gas Stations, Gas Island Canopies , Car Wash Canopies and Related Facilities

1. All building materials and designs shall be consistent with the general standards for commercial businesses.
2. All structures on the site (including kiosks, car wash buildings, gas pump islands) shall be architecturally consistent with the main structure, including roof design (i.e. sloping roof or cornice treatments).
3. All building elevations shall be architecturally detailed to avoid the appearance of the "back of the building" and should contribute a positive presence to the streetscape.
4. Gas island or vacuum canopies shall be built of the same high quality materials as the convenience store associated with the gas island. These structures shall be designed to create architectural harmony with the primary structure on the site.
5. Gas island canopy structural columns shall be covered with the same brick veneer or architectural materials as the associated building.

EXHIBIT “F”

SIGNAGE STANDARDS FOR CLIFTON PLACE P DISTRICT

Signage Material and Style:

All signage shall be designed with consistent design elements, such as base material, height, and lettering style to create visual continuity and add quality to the development in an architectural style that compliments the primary building(s) facades(s). Signs shall utilize one or more of the following complimentary materials or elements as a primary feature to create visual continuity:

1. Stone;
2. Brick;
3. Color tinted and textured concrete masonry;
4. Metal or iron detailing; and/or
5. Other similarly high-quality materials utilized on the primary structures in the development.

Signage Standards:

A. Commercial Signage.

1. All freestanding signs shall be attached to the ground with a base whose width and length are at least as wide as the bottom edge of the sign face.
2. Monument Signs:
 - i. One monument sign shall be permitted per frontage on each commercial lot.
 - ii. Signs shall not be placed where they obscure important architectural features such as entrances, display windows, or decorative elements when viewed from the public right-of-way;
 - iii. Maximum height of 12 feet.
 - iv. Maximum sign face (per side) 60 square feet.
 - v. Maximum electronic message area shall not exceed 50% of the sign face and shall be in conformance with adopted sign code regarding electronic message signs.
 - vi. No sign shall be located within the clearview area of a driveway or intersection as defined by City Code.
 - vii. Examples of appropriate monument signs are illustrated in Figure F-A1

Figure F-A1

B. Wall Signs.

1. Each storefront shall be permitted one wall sign per façade with a public entrance and must meet the following criteria:
 - i. Maximum sign shall be 30% of the available wall as illustrated in Figure F-B1.
 - ii. Signs shall be placed on the building façade to be scaled appropriately with the façade width and height and not to conflict with the architectural design features of the building as shown in Figure F-B2.
 - iii. Examples of appropriate design for wall signs are illustrated in Figure F-B3.
 - iv. Buildings with rear facades fronting Redwood Road and end cap units are permitted the following (illustrated in Figure F-B4):
 1. One rear wall sign with a maximum size of 10% of the available wall or 45 square feet, whichever is smaller.
 2. One side wall sign for end cap units with a maximum size of 10% of the available wall or 60 square feet, whichever is smaller,
 3. Signs shall be scaled appropriately with the façade width and height and not conflict with the architectural design features of the building;
 4. No part of the sign or the sign structure shall project above the roof structure;
 5. The maximum height for individual lettering shall be 24 inches;
 6. No electronic message boards or wall signs shall be permitted;

Figure F-B1

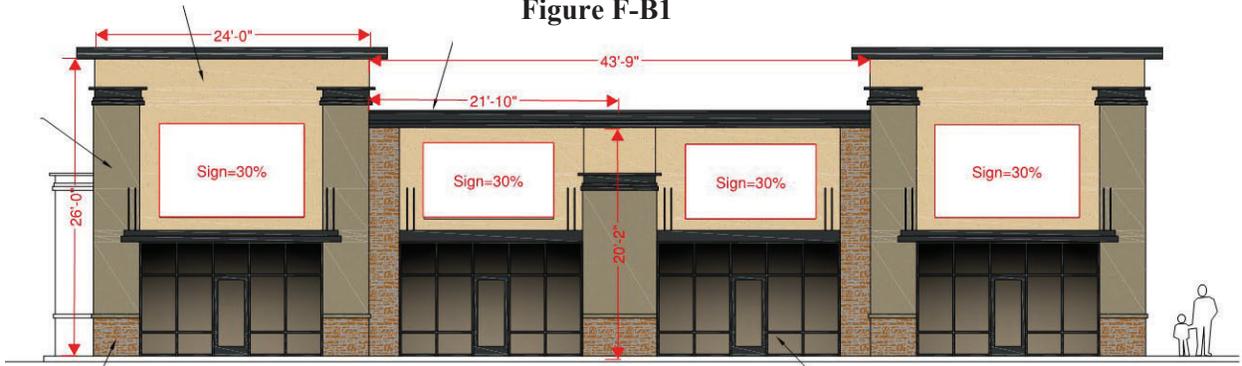

Figure F-B2

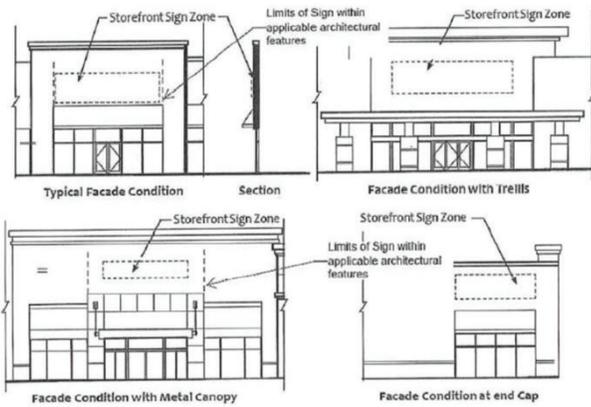

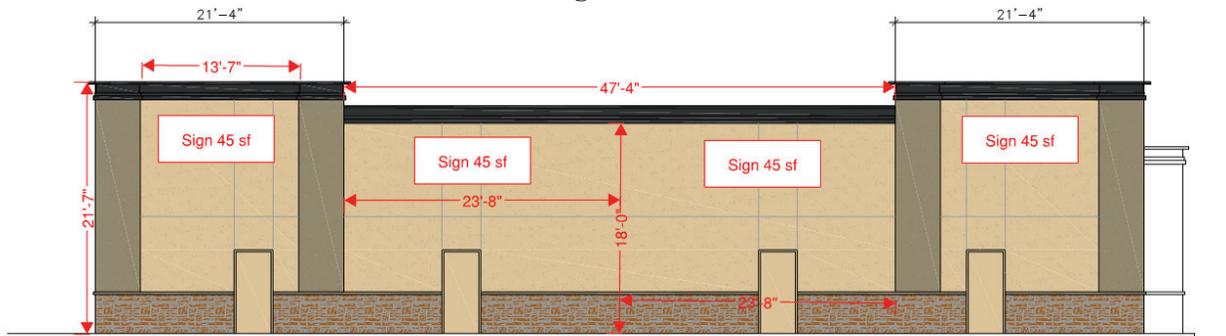

Figure F-B3

Figure F-B4

C. Window Signs.

1. Window signs are allowed for ground floor windows only. They shall not be located to block clear view of exits or entrances or to create a safety hazard. Window signs shall not disrupt the employee visibility to the parking area or of law enforcement personnel into the business. The following shall also apply:
 - i. Window signs shall not cover more than 50% of any single window, nor more than 30% of the entire surface area of a group of windows on each building façade.
 - ii. Window signs and permanent wall signs combined shall not exceed 30% of the exterior wall area of the tenant.
 - iii. Properties subject to sale, lease, or rent may be allowed to have a window sign up to 100 square feet regardless of permanent wall signage.

D. Menu Boards.

1. Menu boards shall be allowed for drive-thru businesses with the following regulations:
 - i. Maximum height of 8 feet
 - ii. Maximum size of 64 square feet, per face.
 - iii. Menu boards may not be placed in any landscaped area directly adjacent to a public right-of-way.
 - iv. Menu boards are prohibited within the front setback of Redwood Road.

E. Prohibited Signs.

1. Pole/Pylon Signs
2. Permanent signs that are designed to rotate or move by any means.
3. Signs on mounted trailers.
4. Signs with exposed braces and guy wires.
5. Signs with blinking, flashing or moving lights, not including time/temperature and similar public service displays.
6. Signs with changeable copy.
7. Flags or banners, balloons, or inflatable signs.
8. Temporary yard vinyl or plastic yard signs typically installed by hand with wires as shown below.
9. Any signs located within public rights of way.
10. Examples of prohibited signs:

A. Residential Signage.

1. Residential identification signs shall be limited to no more than 1 per entrance.
2. No residential identification sign shall be permitted adjacent to Redwood Road;
3. Signs shall only display the name, logo, and address of the development;
4. Residential identification signs shall not exceed a height of 7 feet and a total size of 100 square feet of sign area;
5. Signs located at entrances must be set back a minimum of 5' from the property line and shall not be placed within the clear view area of any driveway;
6. One temporary sign is allowed for sale, lease, or rent of residential property per street frontage and is limited to no greater than 32 square feet for a period of time not to exceed 1 year from the issuance of a certificate of occupancy.

MEMORANDUM OF AGREEMENT

THIS MEMORANDUM OF AGREEMENT (“Memorandum”) is made by and between **THE CITY OF NORTH SALT LAKE**, a Utah municipal corporation, whose address is 10 East Center Street, North Salt Lake, Utah, 84054, hereinafter referred to as the “City,” and _____, a _____ **company**, whose address is _____ (“Developer”).

Developer and the City have entered into that certain “Development Agreement” for “Clifton Place”, dated _____ (referred to herein as the “Agreement”) regarding the real property to be known as the Clifton Place development and more particularly described on the attached **Schedule “A”** (the “Property”). Copies of the Agreement are on file in the offices of the City of North Salt Lake.

This Memorandum is executed and recorded in the Davis County Recorder’s Office in order to provide third-parties with notice of the Agreement. The effect of the Agreement as to each portion of the Property shall expire upon the issuance of a certificate of occupancy for a structure by the City as to the subject portion.

IN WITNESS WHEREOF, the Parties have executed this Memorandum as of the date first above written.

CITY OF NORTH SALT LAKE COMMUNITY & ECONOMIC DEVELOPMENT

10 East Center Street, North Salt Lake, Utah 84054
(801) 335-8700
(801) 335-8719 Fax

MEMORANDUM

TO: Honorable Mayor and City Council
FROM: Sherrie Pace, Community Development Director
DATE: October 4, 2022
SUBJECT: Consideration of Preliminary Plan for Clifton Place

RECOMMENDATION

The Planning Commission recommends to the City Council the approval of preliminary plan for Clifton Place located at approximately 2596 South and 1095 North Redwood Road with the following conditions:

1. Correction of planning and engineering redlines prior to final plat review; and
2. Finalization of the Development Agreement.

BACKGROUND

The purpose of this application is to facilitate the general development plan known as Clifton Place located at the western corners of the 1100 North and Redwood Road intersection. The property on the northwest corner of the intersection is currently addressed 2596 South Redwood Road and is approximately 6.12 acres. The property on the southwest corner of the intersection is addressed 1095 North Redwood Road and is approximately 7.185 acres. Both properties are currently zoned General Commercial (CG). The general development plan for Clifton Place was approved by the City Council on July 19, 2022. In conjunction with the P-District rezone request, the development agreement will include as an exhibit the preliminary plan approval for the project.

REVIEW

The Preliminary Plan for Clifton Place contains approximately 2.939 acres of commercial along Redwood Road and 185 townhome dwelling units. Of those units, 75 will be two bedroom and 110 will be three bedroom. The development has pedestrian access and connectivity with trails and sidewalks. Proposed amenities include a tot lot, pickleball courts, a swimming pool with bathrooms and changing rooms, and open recreation space with lawn/sod. Approximately 26% of the total development will be landscaped open space or recreational amenity and has been designed in compliance with the City's landscaping and water conservation ordinance.

The plan has been designed in accordance with the development agreement and rezone as shown in the previous agenda item and staff memo.

The City Planner and Engineer have minor redlines on the preliminary plan that are conditioned to be addressed prior to final plat approval. One of the changes involves relocating unit 18 on the northern property to the vacant area next to unit 54, also on the northern property. This change was requested by South Davis Metro Fire (SDMF) due to regular fire training and their desire to have additional buffer space between their property and the townhome. The proposed development complies with the goals of the City's General Plan.

POSSIBLE MOTION

I move that the City Council approve the preliminary plan for Clifton Place located at approximately 2596 South and 1095 North Redwood Road, with the following condition:

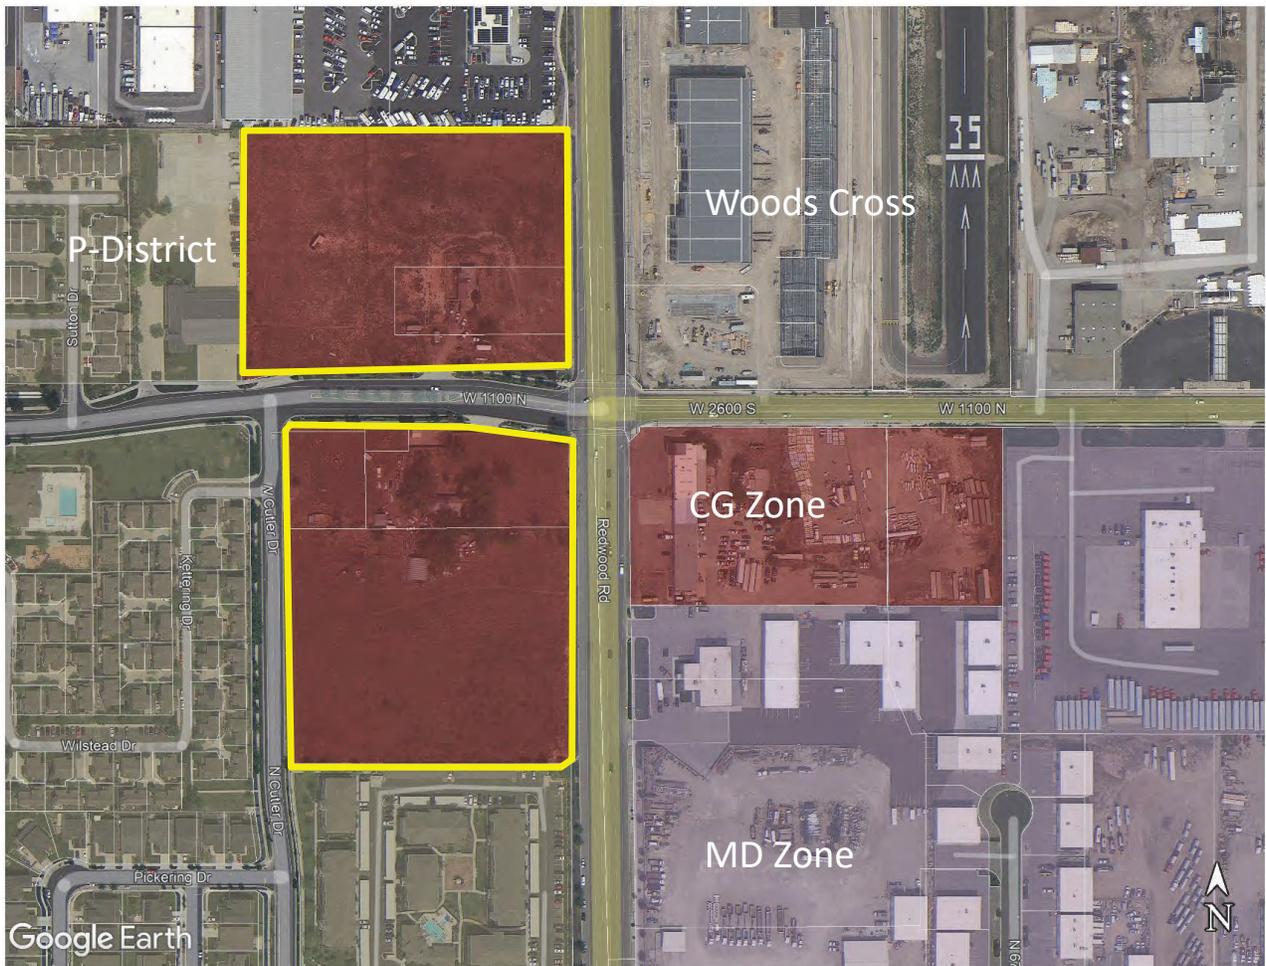

1. Correction of planning and engineering redlines prior to final plat review

SOUTH PARCEL BOUNDARY DESCRIPTION

PART OF THE SOUTHEAST QUARTER OF SECTION 34, TOWNSHIP 2 NORTH, RANGE 1 WEST, SALT LAKE BASE AND MERIDIAN, U.S. SURVEY, MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT A POINT ON THE SOUTHERLY RIGHT-OF-WAY LINE OF 1100 NORTH STREET, SAID POINT BEING N88°32'08" E 2088.43 FEET AND S01°27'52" E 897.60 FEET FROM THE CENTER OF SAID SECTION 34 (SAID CENTER BEING S88°52'08" W 2886.10 FEET FROM THE WITNESS CORNER TO THE EAST QUARTER CORNER OF SAID 34); THENCE N88°50'08" E ALONG SAID SOUTHERLY LINE 195.24 FEET; THENCE S01°14'16" E 41.64 FEET; THENCE N88°44'54" E 81.21 FEET; THENCE N01°18'08" W 41.33 FEET TO THE SOUTHERLY RIGHT-OF-WAY LINE OF 1100 NORTH STREET; THENCE ALONG SAID SOUTHERLY LINE THE FOLLOWING SIX (6) COURSES: (1) N88°48'56" E 18.08 FEET; (2) ALONG A TANGENT CURVE TURNING TO THE RIGHT WITH A RADIUS OF 380.62 FEET, AN ARC LENGTH OF 86.80 FEET, A DELTA ANGLE OF 10°36'48", A CHORD BEARING OF S84°51'40" E, AND A CHORD LENGTH OF 66.70 FEET; (3) S81°08'30" E 70.17 FEET; (4) ALONG A TANGENT CURVE TURNING TO THE LEFT WITH A RADIUS OF 450.00 FEET, AN ARC LENGTH OF 48.68 FEET, A DELTA ANGLE OF 08°11'53", A CHORD BEARING OF S84°12'27" E, AND A CHORD LENGTH OF 48.66 FEET; (5) SOUTH 4.22 FEET; (6) EAST 22.61 FEET TO THE WESTERLY RIGHT-OF-WAY LINE OF REDWOOD ROAD; THENCE S00°28'52" E ALONG SAID WESTERLY LINE 595.60 FEET; THENCE S88°51'36" W 518.00 FEET TO THE EASTERLY RIGHT-OF-WAY LINE OF CUTLER DRIVE; THENCE ALONG SAID EASTERLY LINE THE FOLLOWING TWO (2) COURSES: (1) N00°36'34" W 602.16 FEET; (2) ALONG A TANGENT CURVE TURNING TO THE RIGHT WITH A RADIUS OF 20.01 FEET, AN ARC LENGTH OF 21.58 FEET, A DELTA ANGLE OF 92°24'48", A CHORD BEARING OF N44°35'50" E, AND A CHORD LENGTH OF 28.40 FEET TO THE SOUTHERLY LINE OF 1100 NORTH STREET AND TO THE POINT OF BEGINNING.

CONTAINING 317,617 SQUARE FEET OR 7.291 ACRES MORE OR LESS.

TYPICAL BUILDING SCALE: 1"=20'

LINE TABLE

Table with columns: LINE, BEARING, DISTANCE. Lists boundary segments for the parcels.

CURVE TABLE

Table with columns: CURVE, BEARING, DISTANCE, RADIUS, CHORD BEARING, DELTA ANGLE. Lists curve data for the parcels.

BASIS OF BEARINGS

THE BASIS OF BEARINGS FOR THIS PLAT IS THE LINE BETWEEN THE CENTER AND THE WITNESS MONUMENT TO THE EAST QUARTER CORNER OF SECTION 34, TOWNSHIP 2 NORTH, RANGE 1 WEST, SALT LAKE BASE AND MERIDIAN, U.S. SURVEY, SHOWN HEREIN AS INDICATED.

NARRATIVE

THE PURPOSE OF THIS PLAT IS TO DIVIDE THIS PROPERTY INTO LOTS AND PRIVATE STREETS AS SHOWN ON THE PLAT. THE BOUNDARY WAS DETERMINED ON ALL SIDES BY ADJACENT PLATS AND RECORDS. THE BOUNDARY POINTS AND MONUMENTS WERE PLACED ALONG THE FINISHED LINES AS CALLED OUT IN THE DESCRIPTION FOR SAID PARCELS. ALL BOUNDARY CORNERS NOT TOOK WORK SET WITH A W. BEARING AND PUBLIC OR SHOWN HEREIN AS INDICATED.

NOTES

- 1. ALL BUILDING TIES ARE PERMISSIBLE UNLESS OTHERWISE NOTED.
2. ALL AREAS NOT LABELED AS PRIVATE LOTS, LIMITED COMMON AREA ARE TO BE CONSIDERED COMMON AREA.
3. ALL STRUCTURES IN THIS SUBDIVISION AND/OR DEVELOPMENT ARE NOT LOCATED WITHIN THE 100 YEAR FLOODWAY OF THE CURRENT EFFECTIVE FEMA FIRM MAPS.
4. APPROVAL OF THIS DEVELOPMENT PLAT BY NORTH SALT LAKE CITY DOES NOT CONSTITUTE AN REPRESENTATION AS TO THE APPROPRIATENESS OF THE SUBDIVISION FOR THE LOCATION OF SUCH DEVELOPMENT THEREIN.
5. THE purchase of each unit north of 1100 North shall receive from the Developer, assignee, builder, or future owner, a 'Seller Disclosure' as required within the development agreement, notifying the purchaser that legal and continuing commercial and industrial land uses exist on adjacent properties located within Woods Cross that may have noise, light, dust, truck traffic, and other operational impacts.

MEMORANDUM

TO: Honorable Mayor and City Council
FROM: Sherrie Pace, Community Development Director
DATE: October 4, 2022
SUBJECT: Consideration of Resolution 2022-038R authorizing the Mayor to sign a dedication of right-of-way for Ostler Subdivision located at approximately 1950 South 1100 West, Woods Cross

RECOMMENDATION

City Staff recommends to the City Council the approval of Resolution 2022-38R authorizing the Mayor to sign the right-of-way dedication for the Ostler Subdivision plat located at 1950 South 1100 West, Woods Cross, UT.

BACKGROUND

Woods Cross City contacted the City regarding a 2 lot subdivision which requires the City's consent to record and dedicate a public right-of-way. The 2 lot subdivision is located across the street from a NSL City owned property. As part of the plat approval the owner of the subdivision is dedicating right-of-way to Woods Cross for the portion of their parcel which extends to the center line of 1100 West. The County Recorder's office discovered that the NSL City property has a legal description that also extends into the right-of-way and overlaps the developers property being dedicated. The County is requiring that the City sign the consent to record and dedicate the plat, thus dedicating that overlapped portion of City property for the existing right-of-way as well.

REVIEW

After reviewing the plat and the request, it was determined that the City Council is required authorize the dedication by resolution and authorize the Mayor to execute the dedication. The property in question is already part of the prescriptive right-of-way and will have no impact on the City improvements on our property. Therefore staff is recommending approval of the Resolution and dedication of the requested right-of-way.

POSSIBLE MOTION

I move that the City Council approve Resolution 2022-38R authorizing the Mayor to sign the right-of-way dedication for the Ostler Subdivision plat located at 1950 South 1100 West, Woods Cross, UT.

RESOLUTION NO. 2022-38R

**A RESOLUTION APPROVING THE DEDICATION OF
PUBLIC RIGHT-OF-WAY FOR 1100 NORTH STREET IN
WOODS CROSS, UTAH**

WHEREAS, the City of North Salt Lake (“City) owns property located at approximately 1955 South 1100 West, Woods Cross, Utah adjacent to Ostler Subdivision in Woods Cross; and,

WHEREAS, the legal description for the City owned property extends into the existing street right-of-way and overlaps the Ostler Subdivision right-of-way dedication to Woods Cross; and,

WHEREAS, the Davis County Recorder’s Office requires that the overlapped area, which is already contained within the existing street right-of-way, be dedicated by North Salt Lake and the plat be signed for the consent to record be signed by the City; and,

WHEREAS, the City has determined that the dedication of said overlap will have no detrimental effect on the City’s property or infrastructure on said property.

NOW THEREFORE BE IT RESOLVED by the Governing Body of the City of North Salt Lake as follows:

Section 1. The Mayor is hereby authorized to sign the Owners Consent and Dedication of the Ostler Subdivision plat, Woods Cross, Utah.

Section 2. This resolution, once adopted, shall become effective immediately upon passage.

APPROVED and ADOPTED by the City Council of the City of North Salt Lake this 4th day of October, 2022.

MEMORANDUM

TO: Honorable Mayor and City Council

FROM: Ken Leetham, City Manager

DATE: October 4, 2022

SUBJECT: Discussion of Request for Additional Funds and Services Related to the Senior Lunch Bunch.

Recently, the City Council received a request to increase its financial participation and other assistance to the group of seniors that meet monthly at City Hall for lunch. The Council instructed City staff to seek for citizen volunteers to also assist and to review the current way the lunches are provided. We have announced a need for citizen volunteers and there are a couple persons who have expressed an interest and willingness to assist.

We have also learned that the City currently participates financially in lunches by supplementing those lunches with small side dishes and providing a full meal on occasion. But, mostly participants fund their own lunches by accepting participant donations, serving potluck meals or having bring your own lunch events. The City has budgeted \$1,000 for these activities in both FY22 and FY23.

The suggestion has been made that the City's financial participation increase such that there are no costs to seniors for the lunches. I would estimate that based upon a participation rate of 60 persons and a lunch value of \$15 (includes dessert), the cost to the City could be up to \$10,800 annually.

Another interesting fact about this group is that they have a donation system among members that has purchased table decorations, cakes and Bingo prizes for lunches.

I believe a productive use of this discussion time would be to determine how much the Council is willing to spend for these activities and direct staff to work with our volunteers to begin providing more assistance to the Seniors. Any decision about budgeting can be ratified formally with a budget amendment.

MEMORANDUM

TO: Honorable Mayor and City Council

FROM: Ken Leetham, City Manager

DATE: October 4, 2022

SUBJECT: Consideration of Hiring Recommendation for the City's Public Works Director

RECOMMENDATION

I recommend that the City Council give its consent to the hiring of Jon Rueckert as the City's Public Works Director.

BACKGROUND

You may recall that we recently had a discussion about the hiring of a Public Works Director to replace David Frandsen who was appointed as the Assistant City Manager. We created a search committee consisting of Mayor Horrocks, Councilmembers Gordon and VanLangeveld, the Assistant City Manager and the City Manager. On Monday, September 26, that group interviewed four finalists and recommended to the City Council that Jon Rueckert be appointed as the City's Public Works Director.

David Frandsen and I also recommend Jon for this position and request the City Council's consent to hire him in this role.

PROPOSED MOTION(S)

I move that the City Council approve (or deny) the proposed appointment of Jon Rueckert as the Public Works Director.

24

25 1. PRESENTATION-MONTHLY FINANCIAL REPORT FOR PERIOD ENDING JULY
26 31, 2022
27

28 Heidi Voordeckers reported the City's external auditors had determined that the monthly
29 summary financial report, required per the Uniform Fiscal Procedures Act for Cities, should now
30 be publicly presented to meet statutory requirements. She explained an added benefit of
31 providing detailed statements from the City's financial system was that it allowed the governing
32 body to oversee and monitor areas of interest such as individual budgets of various boards and
33 committees, etc. She presented the financial report through July 31, 2022 and said this was about
34 8% into the fiscal year. She noted revenues were at 8% collected and expenses were 10%
35 expended in the General Fund with all other funds tracking as expected. She pointed out that tax
36 revenues received in July were posted back to June as they were for collections that occurred in
37 June. She stated there would be no tax revenues for July and August as they were booked back to
38 the period they were collected in. She mentioned there were some variances from year to date
39 due to the timing of some payables as well as interfund transfers which were now being recorded
40 monthly instead of quarterly.
41

42 Mayor Horrocks commented sales tax was more than double the property tax. Heidi Voordeckers
43 replied this had been a change within the last five years due to online collection and the large

44 amount of growth during COVID. She said even though sales tax was generally a larger
45 percentage of revenue that this amount was not typical and may level out.

46
47 Mayor Horrocks commented at some point the Council would need to address the property tax
48 deficiency as the sales tax may not always balance out.

49

50 2. PRESENTATION-PROPERTY TAX OVERVIEW

51

52 Heidi Voordeckers reported on how property taxes had not been increased, as there was no truth
53 in taxation, but tax bills were increasing for residents. She explained the overall process of how
54 municipal property taxes worked in Utah. She mentioned the way property taxes worked was
55 calculated by valuations as of January 1st of each calendar year. She stated the County Assessor
56 would assess each property and provide the tax rule of assessments to the County Auditor by
57 May 22nd. She noted this was performed through a computerized model, a multi factor assessing
58 program, and each property also received an in person appraisal or assessment every five years.
59 She acknowledged this data was provided to the County Auditor and reviewed for variances
60 from prior years such as properties that lost residential exemptions. Ms. Voordeckers said the
61 valuation was then used in the certified tax rate calculation which was calculated by backing into
62 the tax rate based on last year's tax revenues. She reported the certified tax rate was adjusted for
63 new growth, increment value, delinquencies, abatements, and equalizations.

64

65 Heidi Voordeckers explained the tax rate calculation for four homes with differing values, which
66 was more realistic scenario, and how the tax burden was shifted amongst the properties for a
67 total tax revenue of \$1,000. She spoke on new growth which required the taxing entity to cover
68 additional services created by the new property. She acknowledged the new revenues from
69 growth was not intended to offset inflation or pay for the services of existing taxpayers. She
70 reported as of January 1, 2022 there were 5,669 primary residences and 55 secondary residences
71 in the City with an average market value of \$575,000 and an average taxable value of \$316,000.
72 She stated there were two tax areas in the City including Tax Area 44 with a combined rate of
73 .010017 for a tax bill on the average value home of \$3,168. Ms. Voordeckers noted the other Tax
74 Area 45 had a combined rate of .010142 for a tax bill on the average value home of \$3,207. She
75 mentioned the difference was that Tax Area 45 had an additional taxing entity which is South
76 Davis Water.

77

78 Ms. Voordeckers detailed the \$3,168 tax bill per taxing entity with 11% to Davis County, 1% to
79 Assessing and Collecting, 64% to Davis School District, 9% to the City, 2% to Weber Basin
80 Water, 1% to mosquito abatement, 3% to the Sewer District, 2% to the Recreation District, 5% to
81 the Fire District, and 2% to the County Library. She said on a \$575,000 market value home with
82 an average taxable value of \$316,000, the City would collect \$295 a year on that home when
83 multiplied by the 5,669 primary residences and 55 secondary residences for a total of \$1.6
84 million in revenue. She stated this was about equal to the amount the City paid for fire services

85 to South Davis Metro Fire. She mentioned all other services the residents paid for were coming
86 from other revenue streams.

87
88 Heidi Voordeckers reviewed the real property values calculation again and said other factors that
89 impacted this were the values in redevelopment project areas including increment value. She
90 stated this was the difference between the project base value and the current value and the value
91 given up to participate throughout the life of that project. She explained when those project areas
92 ended the City would then receive project area new growth value and resulted in an overall
93 baseline budget revenue that was collected. She noted other things that affected the tax
94 calculation was a modifier on the collection rate for eligible new growth as well as abatements.
95 She said the certified tax rate was based on adjusted revenues, Board of Equalization adjustment,
96 5 year average collection, proposed tax rate, and collection rate adjusted eligible new growth.
97 The biggest impact would be a declining delinquency and collection rate.

98
99 Ken Leetham asked if the property tax revenue that was attributed to new construction/growth in
100 the City was the actual amount. Heidi Voordeckers replied the formula took the values, removed
101 reappraisals, adjusted for collections, and the balance was considered new growth.

102
103 Ms. Voordeckers answered the question of why residents may be paying a higher tax amount if
104 there was not a tax increase. She said it was because of the ad-valorem or value based tax that
105 depended on how the property either gained or lost value proportionate to the overall taxable
106 value of the tax area that year. She indicated some of the reasons for a change in value included a
107 change in property characteristics making it eligible for a greenbelt exemption, a shift in tax
108 burden based on location, or a shift in tax burden between residential and commercial. She
109 explained that property values typically increased 8% per year in each city in Davis County but
110 when housing values started to increase some of the more affordable areas increased at a higher
111 rate such as Sunset and West Point to near 12% which shifted the tax burden to the rest of the
112 County.

113
114 Councilmember Baskin was surprised the City only received 9% and asked how the total tax
115 base property tax was set. Heidi Voordeckers explained when the City initially adopted the
116 resolution to collect property tax the assessed value at that time was set as the base year. She
117 reported it had increased as new properties were established. Ken Leetham commented that each
118 year the process would continue as described unless the City went through a truth in taxation
119 hearing to collect more property tax revenues.

120
121 Mayor Horrocks said the City had held one truth in taxation hearing to collect additional taxes
122 once in the last 25 years.

123
124 Councilmember Baskin asked if the City was able to function within the budgeted revenues.
125 Heidi Voordeckers replied the sales tax growth had attributed to that ability.

126

127 Mayor Horrocks said the County provided the new certified tax rate that the City adopted every
128 year.

129
130 Councilmember Knowlton said the concept of property tax was a better hedge against recession
131 than sales tax. Heidi Voordeckers responded property tax was extremely stable. She explained if
132 there was a drop in sales tax and the City was unable to support the services they had budgeted to
133 provide, then this was something to review. She indicated staff was very conservative in sales tax
134 growth projections based on historical data as the sale tax increase was temporary.

135
136 Mayor Horrocks commented Bountiful had a substantial 73% tax increase recently and felt it
137 would be better to have smaller increases each year.

138
139 Councilmember Gordon said one of the reasons Bountiful stated for the increase was the cost of
140 the bridge. Ken Leetham clarified that Bountiful would be participating in the bridge project.

141
142 Ken Leetham said the City should continue to build on the formation of a property tax policy to
143 be adopted. He explained most communities avoided truth in taxation and property tax increases
144 until the need became so acute that a large rate change was necessary. He added one view was to
145 stay ahead of inflation based on an index for either an annual or every five year increase.

146
147 Councilmember Baskin compared this policy to a general plan as it would be updated regularly.
148 She said the policy would be less emotional and more rational as the City would be planning
149 ahead.

150
151 Mayor Horrocks said one argument by citizens was that when things were tough, they had to
152 tighten their belts but the City raised taxes and did not do without.

153
154 Councilmember Porter mentioned the City tightened its belt by not putting as much money into
155 road maintenance. He said the City was paying for that currently by having to put more into
156 roads. He suggested Heidi's comment about how property taxes only covered the Fire District
157 service be put into the City newsletter.

158
159 Ken Leetham clarified the City was fiscally sound and would remain that way. He said the
160 proposal for annual property tax increases was just a choice the City Council could make.

161
162 Councilmember Baskin asked if the City had a rainy day fund. Heidi Voordeckers replied the
163 City had a rainy day fund in Capital Reserves.

164
165 Ken Leetham said the Fire District adopted several financial policies including a target or goal to
166 maintain a rainy day fund. He explained these types of policies were good guidelines to help
167 governing boards keep things on track. Ken Leetham further stated that it would be good to build

168 upon the information shared by Heidi Voordeckers by creating financial policies like a property
169 tax policy and a general fund balance policy.

170

171 3. APPROVAL OF MINTUES

172

173 The City Council minutes of September 6, 2022 were reviewed and approved.

174

175 **Councilmember Baskin moved to adopt the minutes of September 6, 2022 of the City**
176 **Council meeting, as written. Councilmember Van Langeveld seconded the motion. The**
177 **motion was approved by Council Members Baskin, Gordon, Knowlton, Porter, and Van**
178 **Langeveld.**

179

180 4. ACTION ITEMS

181

182 The action items list was reviewed. Completed items were removed from the list.

183

184 Ken Leetham said staff would work to put deadlines for feedback, presentations, or completion
185 of the assignment.

186

187 5. ADJOURN

188

189 Mayor Horrocks adjourned the meeting at 6:56 p.m. to begin the regular session.

CITY OF NORTH SALT LAKE
CITY COUNCIL MEETING-REGULAR SESSION
ANCHOR LOCATION: CITY HALL
10 EAST CENTER STREET, NORTH SALT LAKE
SEPTEMBER 20, 2022

DRAFT

Mayor Horrocks welcomed those present at 7:15 p.m. Lisa Baskin offered the thought and led those present in the Pledge of Allegiance.

PRESENT: Mayor Brian Horrocks
Councilmember Lisa Watts Baskin
Councilmember Natalie Gordon
Councilmember Ted Knowlton
Councilmember Stan Porter
Councilmember Alisa Van Langeveld

STAFF PRESENT: Ken Leetham, City Manager; Karyn Baxter, City Engineer; David Frandsen, Assistant City Manager; Heidi Voordeckers, Finance Director; Craig Black, Police Chief; Todd Godfrey, City Attorney; Sherrie Pace, Community Development Director; Wendy Page, City Recorder; Ali Avery, Long Range Planner.

OTHERS PRESENT: Dee Lalliss, resident; Brad Nelson, Spectrum Academy.

1. CITIZEN COMMENT

There were no citizen comments.

2. CONSIDERATION OF PRELIMINARY PLAN AND FINAL PLAT APPROVAL FOR PHOENICIA PLACE SUBDIVISION, A TWO LOT COMMERCIAL SUBDIVISION AT 480 NORTH CUTLER DRIVE, BRAD NELSON, SPECTRUM ACADEMY, APPLICANT

Sherrie Pace reported the four acre property, located at 480 North Cutler Drive, fronted both Redwood Road and Cutler Drive. She stated the concept plan was approved by the City Council on July 19, 2022. She noted the Development Review Committee (DRC) requested the applicant dedicate additional right of way on Cutler Drive to accommodate possible future widening of the street and would only be utilized if needed. She said the DRC also requested additional right of way be dedicated on Redwood Road for the trail improvements or a public use and trail easement. She explained Lot 1 would be purchased by Spectrum Academy for athletic fields and a new high school would be built on the existing fields.

232 Ms. Pace reported the Planning Commission reviewed with a recommendation for approval and
233 all redlines were completed.

234

235 **Councilmember Knowlton moved that the City Council approve the preliminary plan and**
236 **final plat for Phoenicia Place Subdivision at 480 North Cutler Drive with no conditions.**

237 **Councilmember Van Langeveld seconded the motion. The motion was approved by**
238 **Council Members Baskin, Gordon, Knowlton, Porter, and Van Langeveld.**

239

240 Mayor Horrocks commented that he received an invitation from Spectrum Academy for the
241 groundbreaking on October 12th at 4 p.m. and invited those interested to attend.

242

243 3. CONSIDERATION OF RESOLUTION 2022-34R: A RESOLUTION AMENDING
244 THE CITY OF NORTH SALT LAKE GENERAL PLAN UPDATING THE
245 MODERATE INCOME HOUSING ELEMENT AND APPROVING THE ANNUAL
246 HOUSING REPORT

247

248 Ali Avery reported the State required each city to prepare a General Plan to address the present
249 and future needs and to guide development. She explained one element of the General Plan was a
250 Moderate Income Housing Element with three requirements including providing a realistic
251 opportunity to meet the need for additional moderate income housing within the next five years,
252 select three or more moderate income housing strategies, and an implementation plan with
253 benchmarks for what and when. She stated the City was required to report to the State annually,
254 by October 1st, on progress made pertaining to the Moderate Income Housing Element. She
255 mentioned this effort was an update of the implementation section only of the Moderate Income
256 Housing Element and approving the annual report. She indicated staff planned to update the
257 entire plan next year in anticipation of updating the General Plan as well.

258

259 Ms. Avery stated the Planning Commission recommended two changes including a revision date
260 clarifying that only the implementation section was updated. She mentioned the second change
261 was the addition of implementation strategy, 3.1.2 to create a City sponsored Home Repair Grant
262 Program to provide grants for low to moderate income homeowners to make needed repairs to
263 their homes. She acknowledged the reason for this strategy was that Davis County pulled
264 funding for their CDBG Fund which the Housing Authority used for their emergency repair and
265 roof repair programs. She noted this meant there was currently no funding for low income
266 homeowners.

267

268 Mayor Horrocks asked if the City had a housing fund from the CDA. Ken Leetham replied there
269 were funds that could be used for this purpose.

270

271 Ali Avery commented that the main focus of the revisions were to match the wording from State
272 Code as there was a requirement for the implementation strategy wording to match exactly. She
273 stated specific implementation strategies and timing benchmarks were also added.

Councilmember Porter moved that the City Council adopt Resolution 2022-34R: a Resolution amending the Moderate Income Housing Element of the General Plan and approving the 2022 housing report with the following findings:

- 1) The State legislature has determined that cities must facilitate a reasonable opportunity for a variety of housing, including moderate income housing; and
- 2) The proposed draft meets the requirements of the State Code to address moderate income housing.

Councilmember Van Langeveld seconded the motion. The motion was approved by Council Members Baskin, Gordon, Knowlton, Porter, and Van Langeveld.

4. CONSIDERATION OF RESOLUTION 2022-35R: A RESOLUTION ENDORSING AND SUPPORTING AN APPLICATION TO THE FEDERAL EMERGENCY MANAGEMENT AGENCY FOR THE BUILDING RESILIENT INFRASTRUCTURE AND COMMUNITIES GRANT (BRIC) FOR THE RECONSTRUCTION OF THE HONEY WELL PUMP HOUSE BUILDING AND AUTHORIZING MATCHING FUNDS

Ali Avery reported that staff had applied for Federal Emergency Management Agency (FEMA) BRIC grants in the past including the Springhill Landslide as well as generators. She indicated the City Engineer requested grant funding for the Honey Well Pump House as subsidence has been observed on the western side of Davis County due to the falling aquifer levels thought to be caused by receding water levels of the Great Salt Lake. She explained the Honey Well Pump Station had been dramatically impacted by subsidence with settlement of more than six inches from the original elevation. She noted the piping remained in place while the building had begun to sink. She mentioned this well was critical infrastructure as it served approximately 20% of the City's residents.

Ms. Avery stated grant funds would be used to reconstruct the entire building including flooring, pipes, etc. on approximately 70 foot deep drive piles to stabilize the facility against continued subsidence. She acknowledged additionally with the reconstruction of the building, the critical facility would meet current seismic standards and make it more resilient to potential earthquakes. She reported the total project cost was \$1,345,000 with a grant request of \$941,500 or 70% and a City match of \$403,500 or 30%. She indicated the required minimum match was 25% but the minimum match for a more competitive match was 30%. She stated these funds would be expended in 2023-2024.

Councilmember Baskin commented the location of the Honey Well Pump House was not specified. Ali Avery replied the location of wells, pump stations, and water facilities was protected information.

316 Karyn Baxter said the City had a well field from 900 North into Woods Cross. She added this
317 included three City wells and other entities who had wells in the same well field. She said the
318 address could not be published to protect public drinking water sources.

319
320 Mayor Horrocks asked if the 70 foot piles would work in both directions including drought and a
321 wet cycle. Karyn Baxter responded there were layers of soil including a stabilization layer and
322 consolidated layers. She said if the ground did rise it would not damage the building.

323
324 Councilmember Porter asked if other buildings were having similar problems. Karyn Baxter
325 replied other buildings in Woods Cross were experiencing subsidence but at this location the
326 ground was settling somewhat uniformly. She said the well was anchored and appeared to be
327 pushing out of the ground.

328
329 **Councilmember Van Langeveld moved that the City Council approve Resolution 2022-35R**
330 **authorizing the submittal of a FEMA BRIC grant application seeking funds for the**
331 **reconstruction of the Honey Well Pump House and authorizing matching funds.**
332 **Councilmember Porter seconded the motion. The motion was approved by Council**
333 **Members Baskin, Gordon, Knowlton, Porter, and Van Langeveld.**

334
335 5. CONSIDERATION OF INCREASED FUNDING OF \$55,000 FOR THE REDWOOD
336 ROAD WEST SIDE PATH CONNECTIONS PROJECT

337
338 Karyn Baxter reported the Redwood Road West Side Path Connections Project was funded
339 through the Statewide Transportation Improvement Program (STIP) in the spring. She noted in
340 February 2022 the City Manager approved a change order for the project to cover the increased
341 cost of the right of way. She continued all preconstruction work had been completed including
342 property acquisition, design engineering, and environmental studies. She showed an overhead
343 view of the project with the sections included in the project and the completed sections. She
344 stated the bid results were \$80,000 over the engineer's estimate. She reported UDOT had agreed
345 to pay \$25,000 and the City would be required to pay an additional \$55,000 for a total project
346 amount of \$472,163. She acknowledged if the City did not complete the project all funds would
347 need to be paid back including the property acquisition and engineering. She indicated the
348 recommendation would be to approve the increased costs of \$55,000.

349
350 Mayor Horrocks asked about a six foot wide path in this area. Karyn Baxter replied there was an
351 option to reduce the scope of the project. She added option one would be to cancel the project
352 and repay the funds. She noted the second option would be to reduce the scope of the project
353 including the reduction to two parcels. She explained this would potentially lower the overall
354 project cost but would require rebidding the project with revised plans. She reported the third
355 option would be to complete the project as bid which would require the City to pay an additional
356 \$55,000. She mentioned this was the preferred option as the cost to increase from the engineer's
357 estimate was directly related to rising construction costs. Ms. Baxter continued it was not

358 anticipated that construction costs would decrease in the future, and the new path connected
359 Robinson Drive to an existing path on the north end of the project so shortening the trail would
360 result in a gap which would need to be connected at a future date for any meaningful connection.

361
362 Mayor Horrocks commented that he did not recommend not completing the project but reducing
363 the trail from eight feet to six feet. Karyn Baxter replied she did not ask about this option but
364 could do so.

365
366 Councilmember Porter said the equipment for a six foot trail was specialized and the eight foot
367 wide trail was common. He indicated this meant that only certain companies provided a six foot
368 trail and may cost more.

369
370 Councilmember Van Langeveld commented there was an opportunity to make Foxboro a
371 walkable neighborhood which was encouraged by wider walkways and ease of access.

372
373 **Councilmember Porter moved that the City Council authorize City staff to proceed with**
374 **the Redwood Road West Side Path Connections Project including an increase in the**
375 **project cost of \$55,000. The Council further instructed City staff to prepare a future**
376 **budget adjustment to include the cost increase. Councilmember Knowlton seconded the**
377 **motion. The motion was approved by Council Members Baskin, Gordon, Knowlton,**
378 **Porter, and Van Langeveld.**

379
380 6. CONSIDERATION OF ORDINANCE 2022-06: AN ORDINANCE AMENDING THE
381 CITY'S CODE, TITLE 7-PUBLIC WAYS AND PROPERTY, RELATED TO
382 EXCAVATIONS WITHIN THE CITY

383
384 Karyn Baxter reported the purpose for this ordinance was because there were existing ordinances
385 in place controlling what could be done for street excavations. She reported current restrictions
386 for excavations in new streets were five (5) years for new streets and three (3) years for
387 resurfaced streets. She noted there were no current exceptions provided in the City Code and no
388 defined guidelines for exceptions that should happen. She indicated exceptions had occurred
389 specifically for approved building lots in commercial and industrial areas that did not have
390 utilities stubbed. She acknowledged this ordinance would provide a definition for new streets and
391 resurfaced streets. Ms. Baxter continued the definition for new streets would be any road
392 receiving three (3) inches or more of new asphalt. She added a resurfaced street would be an
393 overlay of less than three (3) inches of bonded matrix overlay or chip seal. She stated defined
394 exceptions would be approved building lots, other exceptions as granted by the City Council, and
395 all exceptions shall be in accordance with adopted standards and specifications.

396
397 Mayor Horrocks asked if the patching guidelines were adequate. Karyn Baxter shared the
398 standard drawing of design requirements for new and resurfaced streets which applied to
399 approved exceptions for street cut moratoriums for five (5) years for new streets and three (3)

400 years for resurfaced streets. She reported requirements included a standard T patch, paving the
401 full surface of the road, milling on four feet on all sides of the patch, milling fourteen feet, and
402 then repaving the road. She stated the seam could not be placed on a wheel pack or within 33
403 inches of the edge of the road such as the curb and gutter. She mentioned the intent was to
404 prevent the deterioration of the road when excavation was warranted in a new road.

405
406 Councilmember Porter asked if there was a charge per square foot or the size of the cut. Karyn
407 Baxter replied part of the permit excavation process involved the amount of square footage cut in
408 the road. She said fines or fees were charged per the City's fee schedule.

409
410 Ken Leetham commented the code amendment provided definitions to support a policy. He said
411 these standards for cuts would be added to the standards and specifications.

412
413 **Councilmember Porter moved that the City Council approve Ordinance No. 2022-06**
414 **amending Title 7 of the North Salt Lake Code. Councilmember Van Langeveld seconded**
415 **the motion. The motion was approved by Council Members Baskin, Gordon, Knowlton,**
416 **Porter, and Van Langeveld.**

417
418 7. CONSIDERATION OF RESOLUTION 2022-36R: A RESOLUTION AMENDING
419 THE CITY CONSTRUCTION STANDARDS AND SPECIFICATIONS MANUAL
420 RELATED TO ASPHALT REGULATIONS

421
422 **Councilmember Porter moved that the City Council approve Resolution No. 2022-36R,**
423 **amending the adopted Standards and Specifications Manual for Public Infrastructure for**
424 **Asphalt Patching. Councilmember Van Langeveld seconded the motion. The motion was**
425 **approved by Council Members Baskin, Gordon, Knowlton, Porter, and Van Langeveld.**

426
427 8. CONSIDERATION OF AN EASEMENT ON CITY PROPERTY ADJACENT TO 725
428 EAST REQUESTED BY ROCKY MOUNTAIN POWER

429
430 Karyn Baxter reported the City signed a lease agreement in 2018 with Verizon Wireless to lease
431 the northeast corner of the Morton property for a cell tower. She stated Verizon requested an
432 easement for Rocky Mountain Power. She indicated there was not an existing public utility
433 easement along this road as it was not part of a platted subdivision. She mentioned there was an
434 existing transformer at the Morton Pump Station at the southeast corner of the lot. She noted the
435 original request for the easement to run along the frontage of 725 East had been declined per
436 staff due to a large number of conduits, water pipes, etc. in that location. She said the proposed
437 easement path for the power supply to this structure would be across the existing City property.
438 Ms. Baxter highlighted the proposed easement on a map for those present.

439
440 **Councilmember Baskin moved that the City Council approve the attached easement with**
441 **Rocky Mountain Power and authorize the Mayor to sign the approved easement and any**

442 **other documents needed to execute the subject easement. Councilmember Porter seconded**
443 **the motion. The motion was approved by Council Members Baskin, Gordon, Knowlton,**
444 **Porter, and Van Langeveld.**

445

446 9. COUNCIL REPORTS

447

448 Mayor Horrocks asked that the senior lunch bunch be placed on the next Council agenda.

449

450 Councilmember Porter reported on the successful Get To The River Event on Saturday. He said
451 there were approximately 80 participants in attendance and many were able to float down the
452 river.

453

454 Councilmember Van Langeveld reported on the Health and Wellness Committee meeting
455 including brainstorming goals such as reviewing active transportation, walkability, and safe
456 access to schools. She stated the second goal was access for seniors in the City and partnering
457 with the senior lunch bunch to see what services they would like to see.

458

459 Councilmember Van Langeveld said that the Foxboro Student Council was partnering with the
460 Youth City Council next Tuesday for the mobile food pantry.

461

462 10. CITY ATTORNEY'S REPORT

463

464 Todd Godfrey had nothing to report.

465

466 11. MAYOR'S REPORT

467

468 Mayor Horrocks reported on his meeting with the Kaysville Mayor and also a city
469 councilmember. He said they were appreciative of the letter related to the tragedy during the July
470 holiday.

471

472 Mayor Horrocks mentioned the fall cleanup this weekend in coordination with Public Works.

473

474 Mayor Horrocks said that South Davis Metro Fire had lost five firefighters related to wages and
475 training. He mentioned the residents of Jackson Mississippi filed a class action lawsuit against
476 the City for unclean water.

477

478 Mayor Horrocks commented that he had received a call related to dust from the gravel pit. He
479 said it was pretty bad and the resident suggested an oil based dust reducer.

480

481 Ken Leetham said this was a frustrating issue and staff had reached out to Hughes this summer.
482 He explained some of it was weather related and some was due to changes in operations at the
483 pit. Mr. Leetham commented Hughes was not responsive and claimed they were in complete

484 compliance with the State. He said staff then reached out to the State and alerted them to the fact
485 that they were not inspecting the pit when the dust was particularly bad. He stated it was
486 suggested that they do a surprise inspection and at times when the dust was excessive. He said
487 the problem could be that gravel pits were a land use that was important to the State as an
488 economic driver.

489
490 Councilmember Baskin asked if the homeowners located above the gravel pit had complained.
491 Ken Leetham replied staff had not received complaints from those homeowners. He said staff
492 would continue to work on this issue.

493
494 Councilmember Porter said in the past a committee of residents and gravel pit employees met
495 once a month. He mentioned the bigger problem was the roads collected dust and caused health
496 issues via air quality.

497
498 12. CITY MANAGER'S REPORT

499
500 Ken Leetham reported on the fall cleanup and said historically that staff received many
501 compliments on this service. He reported that on October 5th the main auditorium at Adelaide
502 Elementary was reserved for a neighborhood meeting about changes related to the annexation.
503 He confirmed with County Commissioner Elliot that the desire was to incorporate all of the
504 unincorporated urban territories. He acknowledged the County Commission would hold a public
505 hearing on September 27th including a resolution to recommended the annexation of this territory
506 into the City of North Salt Lake.

507
508 Councilmember Van Langeveld mentioned the annexation documents and said it would be
509 helpful if an addendum was created explaining why the annexation would be beneficial to the
510 City and its current residents.

511
512 Ken Leetham said after talking to several residents that were in opposition and in favor of the
513 annexation, his approach was that these types of islands should be corrected and part of cities so
514 services could be provided more cost effectively.

515
516 Councilmember Van Langeveld also said that it should be stated that Bountiful did not want to
517 annex the area.

518
519 Councilmember Knowlton said there was language in State law regarding annexation and not
520 creating a peninsula. He mentioned if Bountiful wanted to annex the area that it would cause a
521 peninsula. Todd Godfrey replied that the definition of a peninsula was clear and felt this would
522 likely meet this definition.

523
524 Councilmember Baskin explained she had reviewed State law 10-2-402 related to annexations
525 before the meeting which stated "an unincorporated area may not be annexed to a municipality

526 unless the area was contiguous, the unincorporated area was contiguous to the municipality, and
527 the annexation will not leave or create an unincorporated island.” She said it was clear in the
528 Code that the City could not create a peninsula.

529
530 Todd Godfrey said there was a specific definition with measurements and asked if that had been
531 determined on how it would affect Bountiful. Sherrie Pace replied it would not create an
532 unincorporated peninsula or island but would actually fix the problem regardless of what city
533 annexed the area. She said Bountiful had annexed every area within their annexation declaration
534 but the City had not annexed the proposed area because no petitions had been received.

535
536 Councilmember Porter explained the entire area had petitioned to annex into Bountiful but a
537 group came together and removed the signatures from the petition and the entire area did not
538 become part of Bountiful. The area was then divided into four sections with one section annexing
539 into Bountiful, one section including Odell Lane annexed into the City, and the remainder stayed
540 unincorporated. He said many residents felt it was unfair that the County area was not part of a
541 city as they did not pay for parks but still utilized them.

542
543 Councilmember Porter mentioned other issues including the current name of the City and how
544 commercial businesses liked the current name while those in the annexation area did not.

545
546 Councilmember Van Langeveld suggested that the County increase the taxes for those in the
547 unincorporated area to encourage them to annex into a city.

548
549 Councilmember Knowlton said the City was not initiating the annexation. He added the County
550 was initiating the annexation of the unincorporated areas.

551
552 Ken Leetham reported that he met with an investor who was interested in a location to build
553 indoor tennis and pickleball courts. He mentioned this investor was interested in property at
554 Tunnel Springs Park. He suggested that several elected officials could attend a meeting with the
555 investor and staff.

556
557 Councilmember Van Langeveld was not in favor of leasing or selling City property in parks.
558 Councilmembers Baskin and Gordon were in agreement.

559
560 Mayor Horrocks mentioned there were ways to structure things like this. He said the city of
561 Murray had an agreement with a developer to create a sports mall with tax breaks and incentives.
562 He acknowledged the facility eventually became the property of Murray City. He explained the
563 City had land it could not afford to develop and this investor was willing to put in sports courts.

564
565 The City Council had a brief discussion and several Councilmembers were interested in
566 attending an informal meeting with the investor to gather more information.

567

568 13. ADJOURN

569

570 Mayor Horrocks adjourned the meeting at 8:34 p.m.

571

572 *The foregoing was approved by the City Council of the City of North Salt Lake on Tuesday*
573 *October 4, 2022 by unanimous vote of all members present.*

574

575

576

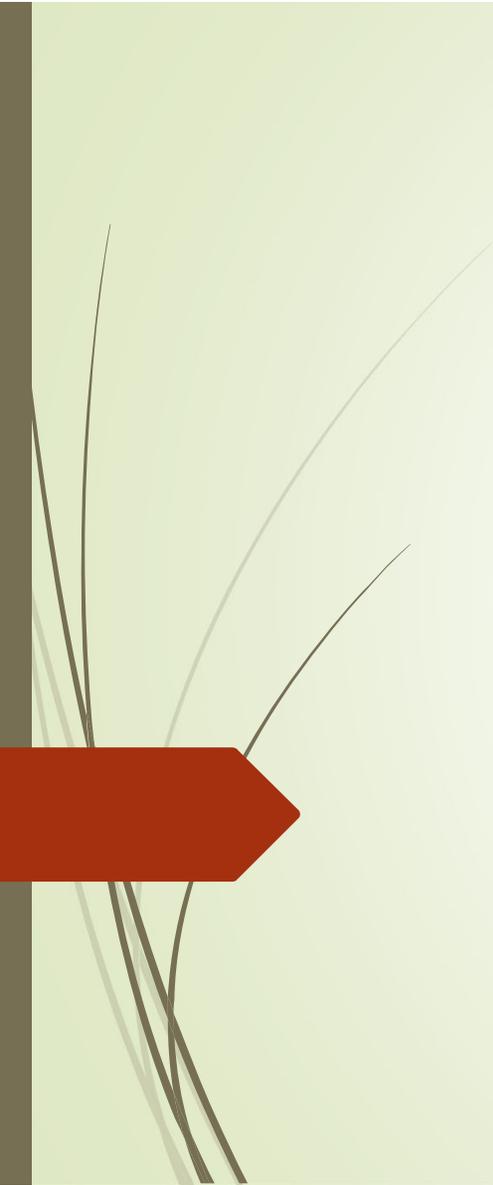

577 _____
Brian J. Horrocks, Mayor

_____ *Wendy Page, City Recorder*

Action Items for October 4, 2022

Item	Staff	Description
New		
1	Sherrie/Ken	(9/20/22) Creation of an addendum or document explaining why the annexation would be beneficial to the City. <i>In process, updated FAQ available prior to open house on Oct. 5 (9/29/22)</i>
Current		
1	David/Craig and PS Committee	(9/6/22) Inventory of public safety weaknesses around the City's elementary schools. Identification of problem areas and recommendations for resolving pedestrian and other active transportation issues. <i>Safety Committee will work on this project and report back to CC in November.</i>
2	David	(9/6/22) Prepare cost estimate for circuit trail around Legacy Park and pathway on north side of Foxboro Elementary School. <i>We have estimates for Legacy Park at \$408,560 and Fox Hollow Park at \$181,718. (9/27/22)</i>
3	Sherrie & PW/Parks Dept.	<i>Combined Action Items:</i> (Various Dates) Park strips & City owned property Review city code for park strip landscape requirements, propose alternatives for vegetation requirements (trees) & evaluate city owned park strips and properties for recommendation on conversion to water wise landscape & review compliance notifications and processes <i>Comm. Dev. will work with Parks Dept. over the winter months to present proposal to Council in early 2023 (9/29/22)</i>
4	Sherrie	<i>Combined Action Items:</i> (9/6/22) Long Range Planning update: 1. Report on goals/strategies/implementation for General Plan, Town Center Plan, Active Transportation, Trails Master Plan, Affordable Housing Plan, Master Parks Plan 2. Report on Form Based Code progress 3. Bonneville Shoreline Trail construction/connection to Tunnel Springs/Wild Rose <i>Ali is preparing grant application to fund a comprehensive General Plan Update that will address: General Plan all plan elements including trails, parks, housing, etc. Work session Oct. 18 to report on all items noted above (9/29/22)</i>
5	Ken	(5-17-22) Staff to review alternatives for uses of City-owned properties at City Hall parcels and Hatch Park; develop process for making decisions.
6	Sherrie	(9/6/22) Report back to Cross E Ranch and City Council on possibilities to annex property into NSL. <i>Update to be provided at Oct 18 work session (9/29/22)</i>
7	Sherrie	(8/16/22) Staff to review the ten-day courtesy notice to see if the language could be softened. <i>Code enforcement is preparing response and suggested process (9/27/22)</i>
8	Sherrie/Karyn/Craig	(8/16/22) Staff to review ordinances related to truck deliveries. (Eaglewood, Eagleridge)
9	Craig	(4-19-22) Staff to review truck restricted route on Center Street including whether tickets should be issued. <i>Staff will prepare a recommendation for the City Council on use of Center Street as a truck route. (5/12/22)</i>
10	Ken/David	(5-17-22) Staff will look into alternatives for the fishing pond such as a stationary dock or a trail. <i>City Council conducted their work meeting on August 16 at the site and discussed alternatives to the current concept plans. Staff will prepare options that cost between \$100-\$200k. (8/17/22)</i>
11	Ken	(4-19-22) Staff to follow-up with Woods Cross on the dog park and then report back to the Council. <i>NSL and Woods Cross staffs have met on this project and are creating an action plan for the project. (8/25/22)</i>
12	Sherrie	(4-5-22) Research resolutions to the parking issues on Buckingham Drive including speaking with Coventry HOA on garage parking requirements <i>Sherrie is contacting HOA (4/11/2022)</i>

13	Ken	(3/15/22) Employee training related to phishing, fraud, malware/ransomware, etc. <i>Phishing training began on 9/12/22. Phase 2 will include mandatory training for all employees and users of the City's email system (9/15/22)</i>
14	Sherrie/Ken	(3/15/22) Review cemetery possibilities including land in (or outside of) the City. <i>Sherrie, Ken, and Ali met to discuss possible sites-Ali will review property deed restrictions on city owned properties and provide to Council. (9/29/2022)</i>
15	Sherrie	(3-1-22) Staff to review disproportionate and other fees related to businesses like gas stations (cost of local consent licenses and State liquor sales license). <i>Staff to prepare memo (5/10/22)</i>
16	Ken	(1-4-22) Options for emergency preparedness training for staff including windstorms, landslides, etc. <i>Staff is exploring solutions with Davis County (4/12/22)</i>
17	Tyler, Ken	(9-7-21) Council Member Porter asked about golf course damage that occurs at Gary Way near the golf course and adopting official policy related to this. <i>The City's insurance company will not cover this type of damage. City staff have been working to pay long-term residents for automobile and window damage (9/15/22)</i>
18	Karyn/David	(5-18-21) Staff to research solutions for maintaining commuter trail along the frontage road to SLC. <i>Staff feels the best solution is to require Lakeview Rock Products to meet all SWPPP regulations, so no dirt is deposited along the Frontage Road. (5/10/22)</i>
19	Ken	(2-16-21) Staff to prepare policy (or review current policy) related to tree removal particularly when related to sidewalk damage. <i>Staff is working on a follow-up report to the City Council.</i>
20	David, Ken	Long range monitoring item: (3-1-22) Review the park reservation cleaning deposit next year to see if it was effective in relation to damage/cleaning-Staff to provide a study by the end of 2022. <i>Staff to report back to Council in November following the 2022 season. (4/12/22)</i>
21	Sherrie	Long range monitoring item: (8/3/22) Inventory and evaluation of safe and unsafe locations for bikes, scooters, pedestrians within one year or August 1, 2023. <i>Ali is reviewing active transportation plan and will monitor scooter conflicts and make recommendations on safety improvements. (8/3/2022)</i>

NORTH SALT LAKE JUSTICE COURT

JUDGE DAVID L MILLER

**Justice Court Motto –
We strive to improve the
quality of life in our
communities**

- ▶ **All of those that work within the Justice Court system can help accomplish this by providing a neutral place for parties to resolve their case and to process cases efficiently.**

EMPLOYEES

- ▶ **Judge David L Miller – Judge**

- ▶ Judge Miller received his law degree in 1982 and has been a judge since 1996. He has worked for NSL for 14 years.

- ▶ **Jodi Adamson – Court Supervisor**

- ▶ Jodi has worked for NSL for 17 years and has 22 years of experience in the court.

- ▶ **Suzie Combe-Van Komen – Court Clerk II**

- ▶ Suzie has worked for NSL for 16 years. She currently works 29 hours a week.

- ▶ **Kathy Ruggiero – Court Clerk I**

- ▶ Kathy has worked for NSL for 5 years. She currently works 20 hours a week.

OVERVIEW

- ▶ Class II Court - Monthly avg. cases 201-500
- ▶ The Justice Court has jurisdiction over:
 - ▶ Traffic, Criminal, and Small Claims
 - ▶ Infractions, Misdemeanor C and B cases as well as West Bountiful City Ordinances
- ▶ Handle cases for both North Salt Lake and West Bountiful jurisdictions.
 - ▶ West Bountiful covers their own cost for prosecution and public defender
 - ▶ NSL and WB split the retained revenue for West Bountiful cases at 50% each

JUDICIAL DISTRICTS

- The Appellate Courts consist of the Utah Supreme Court and the Utah Court of Appeals.
- The Trial Courts consist of the District Courts, Justice Courts, and Juvenile Courts.
- The State of Utah is divided into eight judicial districts. Located in each of these districts are the District, Juvenile, and Justice Courts.

TWO ADMINISTRATIVE BODIES

Administrative Office of the Courts (AOC)

- Serves as staff to the Judicial Council, rules committees, boards of judges, standing and ad hoc committees, and nominating commissions.
- Provides judicial education, such as new judge orientation, annual conferences, and various workshops.
- Provides administrative support to the Justice Court Administrator and staff to the Board of Justice Court Judges.
- Handles the internal audits of the court, primarily financial but also in the performance of the courts.

TWO ADMINISTRATIVE BODIES

Judicial Council

- ▶ Governing body of the judiciary for the entire state.
- ▶ The Council consists of sixteen members.
- ▶ Holds constitutional authority to adopt uniform rules for the administration of all the courts in Utah.
- ▶ Sets the standards for judicial performance, court facilities, support services, and judicial and non-judicial staff levels.
- ▶ Certifies judges following their appointment by the governing body and enacts rules to ensure the administration of justice is uniform throughout the state.
- ▶ Ensures that judges and courts, including specialty courts, comply with minimum standards on an ongoing basis.

QUESTIONS?

City of
NORTH SALT LAKE

CITY COUNCIL
Work Session

October 4, 2022
6:00 p.m.

MONTHLY FINANCIAL REPORT
Period Ending August 31, 2022

For the period ending August 31, 2022:

- Due to collection timing, tax revenues appear low compared to budget.
- City-wide interest revenues are up almost \$80,000 compared to last year due to higher interest rates.
- Utility revenues are reflecting and tracking as projected from the June 1st rate increase.
- Impact fees are down almost 35% from prior year collections.

PRESENTATION
Municipal Court

City of
NORTH SALT LAKE

CITY COUNCIL
Meeting

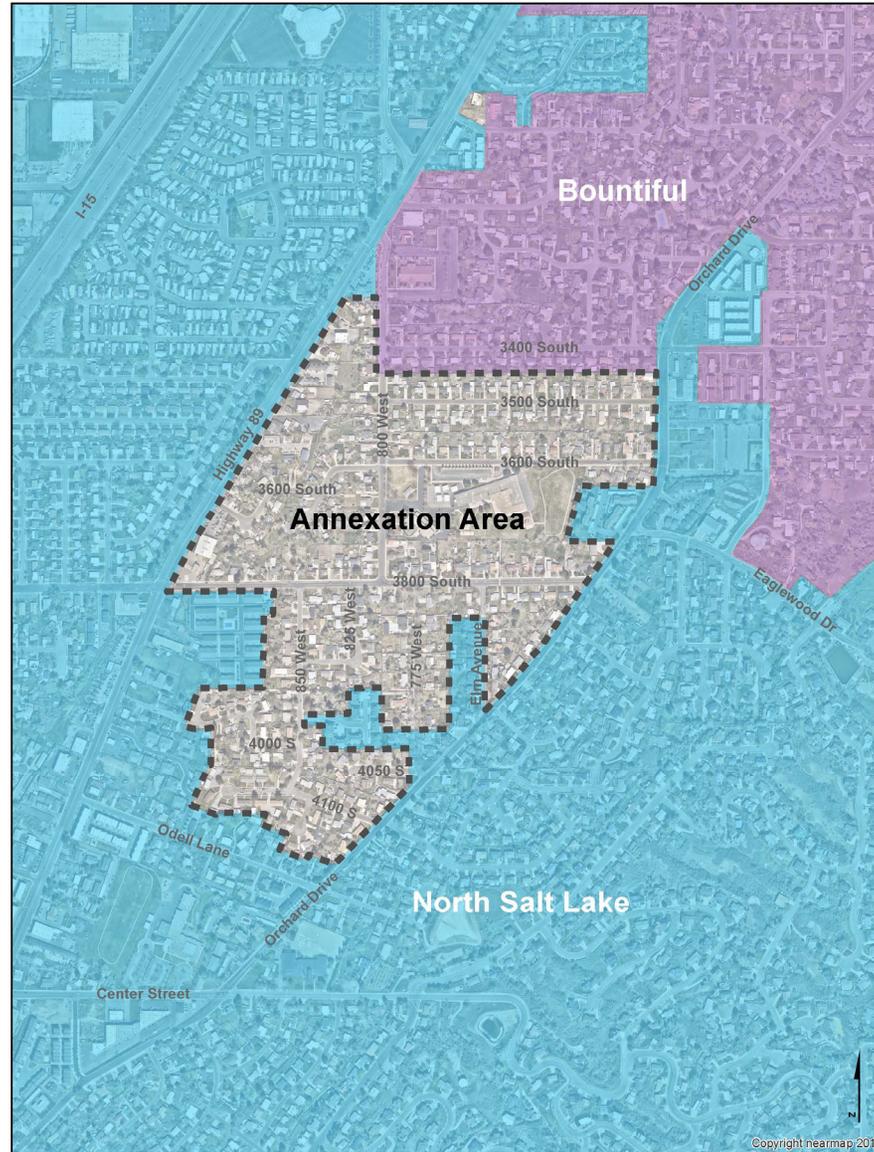

October 4, 2022

RECORD CALLS ()

5/8" REBAR WITH "ENTELLUS" CAP TO BE SET AT CORNER (CALCULATED OR OTHERWISE NOTED)

FOUND PROPERTY MARKER (AS NOTED)

- NOTES**
- THE STATE PLANE BEARING ALONG THE BASIS OF BEARING IS SOUTH 89°40'48" EAST, CALCULATED USING WAGRS STATE PLANE COORDINATES IN THE UTAH NORTH ZONE.
 - THE 13.0 FOOT PEDESTRIAN ACCESS EASEMENT IS DEDICATED TO THE PUBLIC BY THIS PLAT FOR THE INSTALLATION AND MAINTENANCE OF A SIDEWALK AND FOR USE OF SAID SIDEWALK BY THE PUBLIC.
 - PUBLIC UTILITY EASEMENTS (P.U.E.) ARE 13.0 FEET ALONG THE FRONT. DRAINAGE EASEMENTS (D.E.) ARE 7.0 FEET ALONG THE SIDES AND REAR OF EACH LOT UNLESS OTHERWISE SHOWN.
 - A PORTION OF THE PROPERTY IS DEDICATED AT THE RECORDING OF THIS PLAT TO WOODS CROSS CITY.
 - HAIN AREAS IN WOODS CROSS HAVE GROUND WATER PROBLEMS DUE TO A SEASONALLY HIGH (FLUCTUATING) WATER TABLE. APPROVAL OF THIS PLAT DOES NOT CONSTITUTE REPRESENTATION BY THE CITY THAT BUILDING AT ANY SPECIFIED ELEVATION WILL SOLVE GROUND WATER PROBLEMS. SOLUTION OF THESE PROBLEMS IS THE SOLE RESPONSIBILITY OF THE PERMIT APPLICANT AND PROPERTY OWNER.
 - EXISTING BUILDINGS ARE GRANDFATHERED OVER THE DRAINAGE EASEMENTS.

DOMINION ENERGY UTAH

DOMINION ENERGY UTAH COMPANY HEREBY APPROVES THIS PLAT SOLELY FOR THE PURPOSES OF CONFIRMING THAT THE PLAT CONTAINS PUBLIC UTILITY EASEMENTS. DOMINION ENERGY UTAH MAY REQUIRE ADDITIONAL EASEMENTS IN ORDER TO SERVE THIS REQUIREMENT. THIS APPROVAL DOES NOT CONSTITUTE ABROGATION OR WAIVER OF ANY OTHER EXISTING RIGHTS, OBLIGATIONS OR LIABILITIES INCLUDING PREScriptive RIGHTS AND OTHER RIGHTS, OBLIGATIONS OR LIABILITIES PROVIDED BY LAW OR EQUITY. THIS APPROVAL DOES NOT CONSTITUTE ACCEPTANCE, APPROVAL OR ACKNOWLEDGEMENT OF ANY TERMS CONTAINED IN THE PLAT, INCLUDING THOSE SET FORTH IN THE OWNER DEDICATION OR IN THE NOTES, AND DOES NOT CONSTITUTE A GUARANTEE OF PARTICULAR TERMS OR CONDITIONS OF NATURAL GAS SERVICE.
