AT 230 NORTH CUTLER DRIVE, ALI GOULET, APPLICANT

Mackenzie Johnson reported that Auto Afflicted offered automotive maintenance, performance upgrades, listing of customer vehicles on auction sites, and rare vehicle consulting. She explained that the applicant planned to operate at 230 North Cutler Drive which was zoned General Commercial (CG). She said the business was classified as “general automotive repair” which would be a conditional use in the CG zone. She mentioned that the existing building was a multitenant with 12 units. She shared an aerial view of the building and said that Auto Afflicted would utilize 1,000 square feet of this building.

Commissioner Ward arrived at 6:33 p.m.

Ms. Johnson stated that the applicant planned to work on a maximum of two vehicles at a time and vehicles would not be stored outdoors for more than two days. She noted that the business had one trailer the applicant planned to store in the parking lot when not in use. She indicated that as the City code stated, “no outdoor storage shall be located in the required front yard

setback”. She explained that the Development Review Committee (DRC) recommended approval with the request that the Planning Commission place a condition that the trailer be stored offsite or inside the building when not in use or in excess of one business day. Ms. Johnson shared that the applicant was aware of the suggested conditions of approval and was willing to comply.

Commissioner Tucker moved that the Planning Commission approve the conditional use permit for Auto Afflicted at 230 North Cutler Drive with the following conditions:

- 1) A maximum of two customer vehicles may be stored in the parking lot at any given time, and for no longer than two days; and**
- 2) Trailers associated with the business must be stored offsite or within the building when not in use and cannot be left in the parking lot for more than one business day.**
