## GET TO THE RIVER FESTIVAL

Canoes, kayaks, and people of all ages joined us last Saturday for the City's Jordan River Paddle. This City-sponsored event was just one event in the State's [Get to the River Festival](#), a month-long series of community events centered on the Jordan River and Jordan River Parkway.

It was a beautiful morning as over 100 people met at the Riverview boat ramp in Salt Lake City and paddled/floated to Porter's Landing in North Salt Lake where they enjoyed smoothies and shared experiences from the morning's paddle.

The City is fortunate to be a river adjacent community and a proud supporter of the Jordan River Commission and its efforts to improve, restore and revitalize the Jordan River Parkway.

## 2024 FALL CLEAN UP SEPT 20-22

Twice per year, the City provides a waste drop-off location where residents can bring loads that would not normally fit into regular garbage containers. This weekend, September 20-22, green waste and other debris may be taken to the Public Works building, 642 N. 400 W. where large dumpsters will be available the following hours:

**Friday and Saturday: 8 am - 8 pm and Sunday 8 am to 5 pm**

Visit our [website](https://www.nslcity.org) for hours and a list of items that will not be accepted.

## UNITY IN COMMUNITY EVENT - LATINO & HISPANIC HERITAGE

Plan now to join us September 23rd at Legacy Park where you'll experience live music, food, vendors and fun at the Latino & Hispanic Heritage event from 5-8 pm.

The community is celebrating Latino and Hispanic Heritage month with another Unity in our Community event where we honor the histories, cultures and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean and Central and South America.

September 23rd is also the final night of our Monday Night Food Trucks & Vendor Fair, but we're going out with a bang in partnership with the Latino & Hispanic Heritage celebration! Don't miss the great food and great vendors at Legacy Park from 5 to 8 pm!

## FREE CLASS! - EVERYDAY STRONG

We're on a mission to help build resilient kids and a strong community.

There is one main thing a kid needs to thrive: the presence of just one caring adult in their life. **EveryDay Strong** is here to show you how you can be that caring adult, whether you are the parent, neighbor, teacher, or friend.

Sign-up for this free 90-min class presented by professionals from Davis Behavioral Health and learn how to start building everyday resilience in the children around you. Space is limited - please register soon at the link below.

## TRIM TREES PLEASE

Help us help you by trimming your trees so they are at least 8 feet above the sidewalk and 14 feet above the roadway. Not only does this make sidewalks more enjoyable and allow snowplows to safely clear the roads during winter storms, but it is also required by ordinance.

Please also ensure that trees and shrubs do not block traffic signage or the line-of-sight at intersections.

*Note: it's a great time to do your trimming as this weekend is the Fall Clean up at the Public Works Building (see above). Thank you.*

## NSL FOOD PANTRY - CENTER OF HOPE

Did you know there is a food pantry in the City of North Salt Lake? The Center of Hope, located at 74 South Orchard Drive currently assists over 2,500 people per month with food and important necessities, and the need is growing.

There are things YOU can do to help right here in our community. Please consider donating items or volunteering your time to the Center of Hope. Some needs right now include flour, sugar, oil, pasta, and personal hygiene items. Visit their website for more information.

## WHAT IS RECYCLABLE?

Should "this" go in your recycling container? We've all asked ourselves the same question, and it can be confusing. Did you know that after Ace empties your recycling cans, the loads go to a [Material Recovery Facility \(MRF\)](#) operated by Wasatch Integrated in Layton? This facility separates your recyclables, so the materials can be made into new products. Pretty cool, right?

See graphic showing what should go in your recycling container and click button below for more information.
