

CITY OF NORTH SALT LAKE
CITY COUNCIL MEETING-WORK SESSION
CITY HALL - 10 EAST CENTER STREET
FEBRUARY 4, 2025

FINAL

Mayor Horrocks welcomed those present at 5:41 p.m.

PRESENT: Mayor Brian Horrocks
Councilmember Lisa Watts Baskin
Councilmember Suzette Jackson via Zoom
Councilmember Ted Knowlton
Councilmember Alisa Van Langeveld

EXCUSED: Councilmember Tammy Clayton

STAFF PRESENT: Ken Leetham, City Manager; David Frandsen, Assistant City Manager; Heidi Voordeckers, Finance Director; Jon Rueckert, Public Works Director; Sherrie Pace, Community Development Director; Craig Black, Police Chief; Karyn Baxter, City Engineer; Todd Godfrey, City Attorney; Wendy Page, City Recorder.

OTHERS: Todd Weiler, Senator; Beth Holbrook, Chandler Beutler, Russ Fox, UTA; Dee Lalliss, resident.

1. DISCUSSION ON LOCAL ISSUES AND 2025 LEGISLATIVE UPDATES - SENATOR TODD WEILER AND REPRESENTATIVE MELISSA BALLARD

The meeting did not start for lack of a quorum until 5:41 pm. Melissa Ballard was not able to attend. Todd Weiler shared some of the 2025 legislation that he was working on and his thoughts on items the elected officials mentioned including:

- HB198
- HB300
- Rank Choice Voting
- Joint resolution on ballot initiatives and publication requirements
- HB198 related to highway expansion impacts on signage amendments
- HB355 related to gravel pits
- SB154 related to State Auditor/attorney client privilege information
- Abolishing some justice courts at the request of a city (Logan)

- Retention of judges and the Judiciary Performance Evaluation Commission (JPEC)
- Class Action Lawsuit for selling private information (Senator Cullimore)

Councilmember Van Langeveld mentioned that the City may take a position on HB300 related to mail in ballots and would share that with Senator Weiler. Senator Weiler commented that he was not inclined to vote in favor of this bill but noted that he was unsure of the Senate's feelings towards this. He spoke on the need to sometimes vote for some bills that would pass regardless to avoid sacrificing other bills.

Senator Weiler shared that there were four weeks left of the Legislative session and invited the City Council to attend and sit on the Senate floor with him.

There was a brief recess from 6:05 p.m. to 6:15 p.m.

2. DISCUSSION ON THE CITY'S TRANSIT SERVICES - TRUSTEE HOLBROOK, UTAH TRANSIT AUTHORITY

Beth Holbrook, UTA, reported that she was the trustee that represented Davis, Weber, and Box Elder counties. She shared the 2025-2029 Five Year Service Plan which included the following route changes:

Modified routes

- Route 470 (servicing the Layton Hills Mall and replacing the Midtown Trolley)
- Route 417 (extend from Woods Cross to Lakeview Hospital)

New routes

- Route 417 (Woods Cross Station and 1940 West Station in Salt Lake via Redwood Road)
- Route 400 (inter-county route connecting Salt Lake Central to Woods Cross Station)
- Route 470X (Davis/SLCC connector)

Discontinued Routes

- Route 455 (replaced by Route 470X, etc.)
- Route 470 (replaced with Routes 470X and 600)
- Route 473 (replaced with Routes 470X and 600)

Councilmember Van Langeveld commented that she did not feel like the proposed Route 417 would serve the needs of the City and meet the demand to travel from the west side of the City to downtown Salt Lake City including the University of Utah. Russ Fox, UTA Planning Director,

commented that the proposed Route 417 was anticipated to have the highest ridership. He said this information was obtained from a propensity index which measured passengers per hour, surrounding land uses, zero car households, etc.

Beth Holbrook mentioned that every two years each route was reviewed and modified and included the opportunity for public comments.

Councilmember Van Langeveld mentioned she had been watching for an opportunity to provide public comment on transit in Foxboro; however, had not seen any notification of it. Beth Holbrook responded that UTA sent notice to multiple groups, but would confirm that future notices for public comment were sent individually to the elected officials and she would confirm email addresses were up to date or current.

Russ Fox commented that eventually bus service would extend from Redwood Road in Woods Cross to Bluffdale City.

Beth Holbrook said UTA on Demand would continue. She noted the desire to have these new and modified routes completed by the 2034 Olympics. She shared that the Davis to Salt Lake Route would incorporate Transit Signal Prioritization (TSP) which allowed the buses to communicate with UDOT signal lights to keep the light green. She mentioned Farmington would be a mobility hub to connect to Weber and Box Elder Counties.

Councilmember Knowlton mentioned the UTA On Demand service and wondered if the hours in the City could be extended. Russ Fox replied that Salt Lake City paid for the additional hours of operation and explained how utilization was also a factor.

Councilmember Baskin mentioned staffing and riders without tickets. Beth Holbrook spoke on random ticket checks and helping those who may need additional assistance such as homeless individuals.

Mayor Horrocks spoke on seeing transit vehicles stored near I-80. Beth Holbrook said Stadler was awarded the contract to build new rail cars for the UTA Blue Line and mentioned Stadler also had a contract with Caltrans for additional cars that were destined for California.

Ken Leetham mentioned the Davis/Salt Lake Connector and the potential City obligations. Beth Holbrook said Davis County was the local match through the third quarter funds. She was unsure of an additional local match from the City and believed the County would be reaching out to project cities in order to discuss local participation.

3. MONTHLY FINANCIAL REPORT FOR PERIOD ENDING DECEMBER 31, 2024

Heidi Voordeckers reported on the December 2024 financial report and noted that it was halfway through the fiscal year with 50% spent and no unusual activity. She said overall the General Fund was demonstrating a smaller spend-down of reserves during the first part of the year compared to last year (\$1.4 million compared to \$1.8 million). She shared the General Fund balance historical comparison from 2005 to 2025. She added that of the \$4.57M in unrestricted fund balance available at the close of FY 2024 that \$1.5 million had been committed to the Hatch Park project and just over \$390,000 would cover anticipated revenue shortfalls in FY 2025. She continued that the statutorily allowable fund balance reserve was between 5% and 35% of current year revenues. Ms. Voordeckers explained the planned spenddown listed above would reduce the General Fund reserve balance from 32% to 19%, or the equivalent of two months of General Fund expenditures. She acknowledged staff had begun the FY 2025-2026 budgeting process and suggested the following dates for City Council discussions or actions related to the budget: a Capital projects overview on March 18th, the budget retreat on March 22nd, tentative budget adoption on May 6th, public hearing on the budget on June 3rd, and final adoption of the budget on June 17th.

4. ADJOURN

Mayor Horrocks adjourned the meeting at 6:59 p.m. to begin the regular session.

CITY OF NORTH SALT LAKE
CITY COUNCIL MEETING-WORK SESSION
CITY HALL - 10 EAST CENTER STREET
FEBRUARY 4, 2025

FINAL

Mayor Horrocks welcomed those present at 7:11 p.m. Alisa Van Langeveld led those present in the Pledge of Allegiance and invited a few speech contest winners of Foxboro Elementary to provide the thought for the meeting.

PRESENT: Mayor Brian Horrocks
Councilmember Lisa Watts Baskin
Councilmember Suzette Jackson via Zoom
Councilmember Ted Knowlton
Councilmember Alisa Van Langeveld

EXCUSED: Councilmember Tammy Clayton

STAFF PRESENT: Ken Leetham, City Manager; David Frandsen, Assistant City Manager; Heidi Voordeckers, Finance Director; Jon Rueckert, Public Works Director; Sherrie Pace, Community Development Director; Craig Black, Police Chief; Karyn Baxter, City Engineer; Todd Godfrey, City Attorney; Wendy Page, City Recorder.

OTHERS PRESENT: Dee Lalliss, Bonnie Jacobsen, Matt Fallows, Benn Fallows, Eli Jelic-Fallows, Z Fallows, Camille Thorpe, Heather Hendrix, Scott Hendrix, Chloe Fuller, Elisabeth Fuller, Pedro Huebner, Matthew Christensen, Serafina Christensen, Frank Power, Dallas Golden, residents; Shelly Truelson, Foxboro Elementary; Shawn Poor, Brighton Homes.

1. INTRODUCTION OF FOXBORO ELEMENTARY MLK SPEECH WINNERS BY
PRINCIPAL SHELLY TRUELSON

Shelly Truelson, Foxboro Elementary, introduced the Foxboro Elementary Martin Luther King speech winners Serafina Christensen, Eli Jelic-Fallows, and Elisabeth Fuller who then shared their speeches.

2. CITIZEN COMMENT

Elisabeth Fuller, resident, spoke on improving the streets near her home. She mentioned school crossings on Cutler Drive/Foxboro Drive near Spectrum Academy. She noted the challenges for pedestrians at these crossings including speeding and obstructed views due to parked cars/trailers/semi trucks.

3. PUBLIC HEARING AND CONSIDERATION OF RESOLUTION 2025-04R: A RESOLUTION ADOPTING AMENDMENTS TO THE 2024-2025 FISCAL YEAR BUDGETS

Heidi Voordeckers reported on the budget amendment related to the Water Fund and the City's contract with Weber Basin. She shared that the City exceeded the standard allotment of 2015 acre feet per year by 18.56 acre feet of water which would be \$36,920.

Mayor Horrocks opened the public hearing at 7:26 p.m.

Dee Lalliss, resident, spoke on the need to conserve water and not exceeding the allotted amount. He spoke on holding those accountable who used excessive amounts of water.

Mayor Horrocks closed the public hearing at 7:28 p.m.

Councilmember Van Langeveld moved the City Council approve Resolution 2025-04R: a resolution adopting an amendment to the fiscal year 2024-2025 Water Fund Budget. Councilmember Baskin seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

4. CONSIDERATION OF COUNCIL APPOINTMENTS TO THE VARIOUS CITIZEN COMMITTEES

Councilmember Van Langeveld introduced Heather Hendrix as her appointment to the Arts Committee.

Councilmember Van Langeveld moved that the City Council approve the appointment of Heather Hendrix to the City's Arts Committee. Councilmember Knowlton seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

Councilmember Van Langeveld introduced Pedro Huebner as her appointment to the Trails and Active Transportation Committee.

Councilmember Van Langeveld moved that the City Council approve the appointment of Pedro Huebner to the Trails and Active Transportation Committee. Councilmember Knowlton seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

Councilmember Van Langeveld introduced Dallas Golden as her appointment to the Civic Events Committee.

Councilmember Van Langeveld moved that the City Council approve the appointment of Dallas Golden to the Civic Events Committee. Councilmember Baskin seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

Councilmember Baskin introduced Camille Thorpe as her appointment to the Arts Committee.

Councilmember Baskin moved that the City Council approve the appointment of Camille Thorpe to the Arts Committee. Councilmember Knowlton seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

5. DISCUSSION AND CONSIDERATION OF A POSSIBLE STREET VACATION OF A PORTION OF ORCHARD DRIVE BY BRIGHTON HOMES FOR VILLAGE STATION AT 445 SOUTH ORCHARD DRIVE

Sherrie Pace reported that the General Development Plan and development agreement for Brighton Homes included five apartment buildings and several commercial buildings. She clarified that residential buildings one and two as well as commercial building seven (Starbucks) had been completed. She said that at this time the market and financing has changed and they were now proposing for rent townhome units. She said the Development Review Committee (DRC) had concerns about density, hillside, geologic concerns, and on-street parking that would need to be maintained. Ms. Pace explained that this proposal would require the vacation of a portion of Orchard Drive. She said if approved the City would no longer be responsible for snow removal which would then be the responsibility of the apartments/townhome property management.

Sherrie Pace shared the pros including that it would no longer be the City's responsibility to maintain the road and how this was a substandard road due to the reduced width. She said the cons included access to only the utilities in the private road.

Ken Leetham mentioned that the detention pond was maintained by the City but this agreement would allow for access and rights to maintain the detention pond.

The Council expressed thoughts and concerns including trails, connections, emergency vehicle access, the southern development on the gravel pit property, that this location was suitable for high rise buildings, potential for affordable housing units, location near the gravel pit and associated issues, or other uses such as a hotel, private streets, commercial versus housing at the entrance to the City, connectivity, as well as issues due to the narrow street (snow plowing).

6. CONSIDERATION OF RESOLUTION 2025-07R: A RESOLUTION AUTHORIZING THE CITY MANAGER, OR DESIGNEE, TO SUBMIT A COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) APPLICATION TO DAVIS COUNTY FOR THE HOME REPAIR GRANT PROGRAM FOR LOW INCOME HOMEOWNERS AND AUTHORIZING MATCHING FUNDS

Sherrie Pace reported that from 2015-2019 the City received funds from the Community Development Block Grant (CDBG) program that were utilized for home repairs. She explained that HUD said the City and the County could not both duplicate home repair programs which resulted in the City discontinuing their program in 2019. She said since that time Davis County had discontinued their program and the City could now reapply for those funds to assist low income residents. She shared that funds could be used for roof repairs, ADA improvements, electrical, plumbing, etc. She requested authorization to apply for a \$40,000 grant with a \$10,000 City match.

Councilmember Baskin mentioned that this program was important to ensure low income residents had habitable conditions.

Councilmember Van Langeveld moved the City Council approve Resolution 2025-07R authorizing the City Manager, or designee, to submit an application for the 2025 Community Development Block Grant program and authorizing matching funds. Councilmember Baskin seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

7. CONSIDERATION OF ORDINANCE 2025-03: AN ORDINANCE AMENDING CITY CODE TITLE 6, CHAPTER 2 RELATED TO PARKING REGULATIONS

Sherrie Pace reported this item was a joint project between the police, finance, and community development departments. She noted that several years ago the City instituted a parking ticket civil penalty process to prohibit vehicles from being parked on the streets during snow storms. She said this process had not been very effective which may be due to the fee structure. She explained there was a \$60 fee that was reduced by \$40 when paid within 0-14 days or reduced \$20 when paid within 15-30 days. She spoke on the current collection rate of 10% which was too low. She also said the fees were too low to have an impact on people's credit when a bill was sent to collections.

Ms. Pace shared the proposal to amend the penalty escalation process to 5-30 days with a \$40 penalty, 31-60 days with a \$75 penalty, and 61 plus days with a \$150 penalty and collection process. She acknowledged in an effort to provide clarity the definition of "clear view area" was proposed for this section of Code. She said staff would also implement an online collection/payment via City Inspect Software.

Ken Leetham said the long term goal was to change parking behavior and obtain compliance.

Councilmember Knowlton spoke on managing parking and the cost to provide it.

Councilmember Van Langeveld suggested the City continue to paint curbs red including areas that may be illegal (stop sign, clear view).

Councilmember Baskin moved that the City Council approve Ordinance 2025-03 amending City Code section 6-2-9 related to parking enforcement and fees. Councilmember Van Langeveld seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

8. CONSIDERATION OF RESOLUTION 2025-05R: A RESOLUTION AMENDING THE CITY'S COMPREHENSIVE FEE SCHEDULE RELATED TO PARKING VIOLATION CIVIL PENALTIES AND GEO HAZARD DEPOSIT

Sherrie Pace stated some of the proposed changes to the Comprehensive Fee Schedule included the parking fees that were previously discussed.

Karyn Baxter reported on amendments to the City’s comprehensive fee schedule related to geo hazard deposits. She noted that the proposed adjusted fees included a scoping meeting fee of \$500 and a geo hazard review deposit of \$5,000. She explained how the current \$2,000 fee for the single family geo hazard review was not sufficient.

Councilmember Van Langeveld moved that the City Council approve Resolution 2025-05R amending the Comprehensive Fee Schedule as presented. Councilmember Knowlton seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

9. CONSIDERATION OF RESOLUTION 2025-06R: A RESOLUTION AMENDING THE HEALTH AND WELLNESS COMMITTEE TERMS OF SERVICE, MEMBERSHIP, AND ALLOWING FOR ADDITIONAL MEMBERS OF THE PUBLIC TO PARTICIPATE

Ken Leetham shared the proposed changes to the Health and Wellness Committee by-laws related to the terms of service, staff assigned to the Committee (City Manager and Police Chief), and allowing additional members to participate that were not appointed.

The Council discussed shortening the term length from four years to two years in all the Committees. The consensus of the Council was to continue with four year terms.

Councilmember Van Langeveld moved that the City Council approve Resolution 2025-06R: a resolution amending the Health and Wellness Committee terms of service, membership, and allowing for additional members of the public to participate. Councilmember Knowlton seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

10. CONSIDERATION OF ORDINANCE 2025-04: AN ORDINANCE AMENDING CITY CODE TITLE 5, CHAPTER 4 RELATED TO PROHIBITED ANIMALS IN FOXBORO LEGACY PARK

Sherrie Pace reported that in 2023 the City amended the animal control ordinance to adopt the Davis County animal control ordinance and repealed the City ordinance including a civil penalty process. She noted that the Davis County Animal Control ordinance stated it was “unlawful to have dogs without a leash in public parks and playgrounds or in parks and playgrounds where

posted that dogs are not allowed.” She suggested re-adopting the previous City Code 5-4-7 to ensure that dogs were prohibited in the Foxboro Legacy Park and splash pad area.

Councilmember Van Langeveld suggested an exemption to allow dogs on the paved sidewalk through the park on route to the dog park.

Mayor Horrocks mentioned service animals. Jon Rueckert commented that all animals were banned in the splash pad area due to health code regulations.

Ken Leetham suggested tabling this item to let staff review the wording and provide an accurate prohibition.

Councilmember Baskin moved to table this item for further study. Councilmember Van Langeveld seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

11. DISCUSSION OF RANKED CHOICE VOTING

Councilmember Baskin reported on ranked choice voting and that one benefit was removing the need for a primary election. She said it looked like the pilot program would expire on January 1, 2026.

Mayor Horrocks commented that Davis County refused to administer rank choice voting as they were unable to audit it correctly.

Ken Leetham said the Davis County Clerk was unwilling to process rank choice voting and that alternative methods would be difficult to administer (such as self-managing). Ken Leetham expressed concern that the City has never done any outreach to the public to determine if the voters want to conduct their elections in that manner. Other cities, including Vineyard which was one of the first to use Ranked Choice Voting, did perform a large amount of public education and outreach before using that voting method.

Councilmember Jackson spoke on potential issues with rank choice including administration, difficulty auditing, expense, and having to rank a candidate even if someone did not like them.

Wendy Page stated she had spoken with the County Clerk, Brian McKenzie, and he informed her that rank choice voting was not an administrative option Davis County offered and suggested the City could administer its own election or find another entity to administer rank choice voting.

She noted that in 2023 there were 12 out of 254 cities/towns in Utah that utilized rank choice voting. She shared that Utah and Salt Lake Counties were not willing to assist the City as it was outside their jurisdiction.

Mayor Horrocks questioned if the fee for candidates should be increased to help ensure only serious candidates would run for office.

There was no motion on this item, but the City Council generally determined that it would not engage in a Ranked Choice Voting method at this time for its municipal elections.

12. DISCUSSION ON LIBERTY FEST

Ken Leetham commented that staff would bring the presentation to the Council at a later date.

Councilmember Baskin moved to table the discussion on Liberty Fest until a later date. Councilmember Knowlton seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld. Councilmember Clayton was excused and not present for the vote.

13. LEGISLATIVE UPDATE

Councilmember Baskin spoke HB198 Highway Expansion Impact on Signage Amendments. She reviewed the fiscal note, the main purpose which was the relocation of billboards, maintenance, compliance, and relocation. She shared her concerns including lack of compensation from UDOT after relocation due to highway construction.

Ken Leetham mentioned the League of Cities and Towns established a billboard sub group which included Sherrie Pace and had gathered information from sub group members related to various options related to the relocation provisions that might be acceptable as amendments to HB198.

The Council mentioned issues including the requirement for the municipality to pay for the readjustment in height for any signs where the sight lines had changed, review by the transportation committee, the proposed expense for municipalities, and eminent domain/takings placed on the municipalities.

Ken Leetham commented that the League of Cities and Towns was in opposition to HB198. He then spoke on the HB355 critical infrastructure materials amendments (gravel pits). He reported the industry would not remove the provision to expand gravel pits onto adjacent and contiguous properties granted by right in the proposed bill. This provision essentially pre-empts local zoning

which might otherwise prohibit expansion of gravel pit operations to locations which are unsuitable for this land use. He said this was a significant problem for many cities along the Wasatch Front because there are many gravel pits that have contiguous property next to them. He also discussed the air quality impacts of these mining areas.

Councilmember Van Langeveld mentioned HB300 related to mail in ballots and the potential for the City to take an official position.

Councilmember Jackson expressed support for the bill and noted that there have been problems with voter verification with mail-in ballots. She did not feel the bill was very impactful and that verification when dropping off a ballot was a more secure change. She said it was also a problem that votes returned by mail in southern Utah missed the deadline and caused delays in the election results.

Mayor Horrocks said it would be less costly to just remove ballot drop boxes and end vote by mail if you had to return your ballot in person and show identification.

Councilmember Baskin said it was costly and impractical to have two employees at every drop box location. She also pointed out that voters have already provided their identification up-front when either registering to vote or requesting a mail-in ballot. She expressed her opinion that voters shouldn't have to prove their identification again.

Mayor Horrocks added that Davis County did a good job purging voter roles and verifying signatures on mail-in ballots. He mentioned the biggest fraud is missionary moms forging their kid's signatures. He indicated his daughter signed her drivers license at 16 and now when she votes her signature looks different and she always gets a phone call from the County Clerk asking if she submitted her ballot.

Councilmember Van Langeveld also said the County was good about calling voters when signatures look irregular.

14. DISCUSSION ON PUBLIC FEEDBACK RELATED TO HATCH PARK OPEN HOUSE

Ken Leetham shared the public feedback received on the night of the open house and those received online. He provided a summary of the comments and themes he noticed including rethinking the tower structure and incorporating a different feature, water feature can be utilized by children, more pavilions including by the playground, playground as central feature, more restrooms, dislike of living room concept, and space for dogs. He also mentioned that with this

park renovation, the City will need to staff the park with additional employees so that maintenance can occur and the park can stay clean. Ken Leetham suggested the City Council review the comments on the February 18, 2025 Council meeting for further discussion.

Councilmember Baskin noted that at the open house most of the comments were negative, that the park is too costly and should be scaled down. Mayor Horrocks said this was expected in an open house setting.

Ken Leetham said there were many positive comments in the written comments and encouraged the Council to read them all. He reminded the Council that there was strong feeling that Hatch Park should be renovated and rebuilt. There was a lot of positivity in the comments.

Councilmember Baskin said this item should come back to the Council in two weeks.

15. APPROVAL OF CITY COUNCIL MINUTES

The City Council minutes of January 21, 2025 were reviewed and approved.

Councilmember Van Langeveld moved the City Council approve meeting minutes from January 21, 2025 as presented. Councilmember Baskin seconded the motion. The motion was approved by Councilmembers Baskin, Jackson, Knowlton, and Van Langeveld.

Councilmember Clayton was excused and not present for the vote.

16. ACTION ITEMS

The action items list was reviewed. Completed items were removed from the list.

Councilmember Knowlton thanked the staff for the work on the US89 draft agreement with UDOT.

Mayor Horrocks asked if the Beck Street roadway would be renamed to Highway 89 with the I-15 reconstruction. Ken Leetham responded that was not known at the moment.

Councilmember Van Langeveld asked the Public Safety Committee to review the request made during the public comment period by Elizabeth Fuller. Ken Leetham responded that it will be put on the agenda for the Committee meeting scheduled for February 11, 2025.

17. COUNCIL REPORTS

Councilmember Jackson had nothing to report.

Councilmember Van Langeveld thanked the Council for allowing her to bring in the students who shared their Martin Luther King, Jr. speeches with the City Council. She also reported on her disappointment in the proposed UTA bus route through the City since it goes out west. She said the neighborhood would not be riding that bus route since it does not go into downtown or is not the same route that was previously removed. She mentioned that she could meet for the budget retreat on a workday. She suggested cancelling the April 15th City Council meeting due to the ULCT spring conference.

Councilmember Baskin had nothing to report.

Councilmember Knowlton shared feedback on the Hatch Park open house and said the City's newsletter advertising the open house was received after the event. He asked about the General Plan schedule. Sherrie Pace replied that the first draft would be brought to the steering committee for review soon.

18. CITY ATTORNEY'S REPORT

Todd Godfrey had nothing to report.

19. MAYOR'S REPORT

Mayor Horrocks mentioned that Layton was the largest city in the county and housed the landfill. He spoke on issues with expansion and that Layton City was withdrawing from the district which may result in some negative impacts. He then shared concerns from residents who lived along the 18th hole at the golf course and the request to modify the course as has been done near hole 11 with netting.

Ken Leetham stated there was a difference between the homes on the 11th hole and other places. He explained that homes on Gary Way were not covered by a stray ball easement and the City decided many years ago to put a net there to reduce damages to those homes. He said all other locations along the golf course had an easement that homeowners would accept potential damage to their homes. He stated further that the City should not change its position with respect to how to protect homes along the golf course which is in areas with stray ball easements, the City should not be installing netting or other large features.

20. CITY MANAGER'S REPORT

Ken Leetham reported that staff would work to find the best dates for the budget retreat and the council retreat for strategic planning.

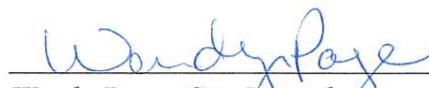

21. ADJOURN

Mayor Horrocks adjourned the meeting at 10:04 p.m.

The foregoing was approved by the City Council of the City of North Salt Lake on Tuesday February 18, 2025 by unanimous vote of all members present.

Brian Horrocks, Mayor

Wendy Page, City Recorder
