NSL Kite Festival!

Join us for the 1st Annual **North Salt Lake Kite Festival: March 30, 2013.** Beginning March 30th to April 13th we will be looking for children flying kites in North

Salt Lake. Kids caught flying kites may be given a treat along with gift certificates from supporting NSL businesses.

To help kick off the kite flying excitement, we will be giving away **over 500 kites** at the NSL Easter Egg Hunt on March 30th in Hatch Park!

April Public Meetings

City Council:	April 2 (5:30) and 16 (7:00 p.m.)
Planning Commission:	April 9 and 23 (6:30 p.m.)
Uniting Neighbors:	April 10 (7:30 p.m.)
Youth City Council:	April 15 (5:00 p.m.)

Seniors Lunch Bunch Spring Fling

Seniors! Join us for our next Seniors Lunch Bunch activity. **Wed. April 10th, City Hall 11:00 am – 1:00 pm** This month our lunch is a pure potluck – bring your favorite, whatever it is, to share with the group.

Following the luncheon we will have a presentation/discussion featuring Paul Ottoson, NSL's Public Works Director/City Engineer. Then we will have Bingo, so bring a small gift for the prize table.

We'll stay, play and call it a day at 1:00 pm. Call **Judy Naranjo at 801-298-5959** if you need further details.

A Fond Farewell to Rod Wood

After serving the City for more than 35 years, Rod Wood has retired to embark on new adventures. Rod began his service, first as a City Council member in 1977, and was then hired to work in the

Public Works Department. He was appointed Public Works Director in 1985 and served in that position until his retirement last month. Rod has witnessed the amazing growth of North Salt Lake, and has been

instrumental in making much of it happen. He leaves the Public Works Department in great hands, as Paul Ottoson was recently promoted to Public Works Director/City Engineer. We wish Rod and Connie all the best!

Welcome Janice Larsen, Finance Director

We're excited to welcome Janice Larsen, CPA, as the new Finance Director for the City. Janice joins the City staff with ten years of governmental accounting

experience as the Finance Mgr. with Provo City and most recently, as the Finance Mgr./CFO for the City of West Jordan. She has also worked as a CPA in the private sector,

and five years in the banking industry. Janice has three sons, one daughter, and four grandchildren.

2013 Spring Clean-up Dates

The 2013 Spring cleanup has been scheduled for April 19-22nd and will be at the following locations:*

- Hatch Park-50 W. Center
- Foxhollow Park-655 N. Foxhollow Dr.
- Eaglewood Golf Course-lower parking lot, 1110 E. Eaglewood Dr.

*Due to construction projects in the area, the Davis Blvd/Eaglewood location will not be available this year. Additional dumpsters will be placed at the golf course.

Second Saturday Extra Garbage Pickup

NSL offers an **Extra Garbage Pick Up** the second Saturday of each month from May through September. All items must fit in your can.

No toxic, hazardous materials, or tires or batteries allowed. Place your can on the curb the night before. This service is included in your monthly garbage rate.

Construction Projects

If you've noticed heavy equipment or serious dirt moving in your neighborhood, no need to fear that Kennecott has

expanded their mining operations! The City is in the process of installing a new irrigation line and completing a reservoir expansion project at Deer

Hollow Park. Another project in the Eaglewood area is the installation of a water line to provide secondary water to the golf course.

Amended Notice of Election and Filing

The 203 legislature passed HB 403 which amended the candidate filing date for municipal elections. NSL will hold a

municipal election to elect a Mayor and two Council Members. Candidacy filing period begins **June 3, 2013** through **June 7**. Pick

up a Declaration of Candidacy Form from the City Recorder's office at City Hall during regular business hours.

Seasonal Jobs Available

There are several seasonal jobs available in the City right now. The golf course, Parks Department, and Recreation

Departments are all seeking help for the summer season. Applications and more information are available

on our website at www.nslcity.org under Community and Employment Opportunities.

Did You Know?

- The meeting packets for City Council and Planning Commission meetings are available on the City's web site prior to public meetings?
- The City has a Facebook page where information is available on happenings in the City? Like us at: <http://www.facebook.com/northsaltlake>
- There is a community calendar on the City's web site that shows happenings in the community?

ATTENTION ALL WATER USERS

We need everyone's help this summer in water conservation. The City's culinary water system struggles to keep up with demand during the summer months. This is due to the fact that only a small percentage of the city is on secondary water. We need everyone to look at ways to cut down on the amount of water that is used such as:

Outdoor Water

- If you see isolated brown spots in the lawn, spot irrigate them instead of just simply increasing the cycle time for that station.
- Deep soak your lawn. Water the lawn long enough for the moisture to soak down into the roots. A light sprinkling will encourage shallow root systems.
- Water your lawn only when it needs it. Step on the grass. If it springs back up it doesn't need water. If it stays flat, the lawn is ready for watering.
- Do not water during the day when evaporation is high. Do not water when it is windy.

Indoor Water

- Check for small drips from your faucet and replace. Small leaks can waste 20 gallons per day, while larger ones can waste hundreds of gallons.
- Don't use the toilet as a wastebasket. On most toilets, that's 5 to 7 gallons.
- Install water-saving shower heads.
- Take shorter showers. A four-minute shower uses 20 to 40 gallons.
- Use your dishwasher and clothes washer only for full loads.

In addition, Weber Basin Water Conservancy District is a great resource in helping residents conserve water. They offer free water tests on individual irrigation systems to determine how much water the irrigation system is putting out, the infiltration of water into the soil, and the distribution uniformity. They also check soil type, root depth and sprinkler pressure. The entire process takes about an hour. The water check program is a free service that is offered from May to August. To schedule an appointment, call 801 77-1677. Weber Basin also offers a variety of free classes including fruit tree basics, do-it-yourself backyard firepits, colorful planters and do-it-yourself paver patios to name a few. Visit www.weberbasin.com/conservation for details.

Thank you for your cooperation.
