AGREEMENT FOR HYDRANT METER WATER SERVICE

It is understood that a hydrant meter will be installed at:

Address of Hydrant Meter: _____

This hydrant meter is to be used for construction or other purposes approved by the Public Works Director or Water Department Superintendent. The installation and the continued use of water during such time is conditional upon and subject to the following requirements:

The minimum fee of **\$35.00** is paid in advance for meter set and water usage up to **25,000 gallons**. The contractor agrees to pay for any overage at the current city rates.

A **\$2000.00** bond shall be paid and held until the hydrant meter is returned to the City Water Department without damage. The bond will then be released by mail.

The contractor accepts all responsibility for any personal injury or property damage resulting in the granting of this request. The contractor agrees to hold the City of North Salt Lake harmless from any liability resulting there from.

Dated this _____ day of _____ 20____.
